Govern^{r}. & Council at Fort S^{t}. David that they doe with all diligence and Secrecy send us up [three] or four hundred bales upon any good ship or vessell that may be at their Port, but to take speciall care that all the bales be mark'd with Gentue marks, and the English notes taken out of the bales and sent us overland, which is necessary to be done at this time there being four ships of the common enemys now in Pondichery road.

Cap^{t}. Raymond requests that what Saltpetre brought up [from] Bengall more than his Charterparty proportion, may be continued on board him to make him sail worthy, which is granted and said request is as Enterd after this Consultation.

The troubles of Vizagapatam being now assumd the following is resolv'd,

To the Hon^ble: William Fraser Esq^r.
Govern^r. of Fort S^t. George & to
the Gentlemen of the Council.

The Petition of Anne Foquet & Elizabeth Browne doth humbly sett forth.

The unworthy treatment your Petitioners have mett with from Cap^t. Henry Cornewall Command^r. of the Sherborne, yo^r. Hon^r. is no stranger to this story, nor the rest of the Gentlemen at this Hon^ble. Board, therefore shall be as breif in relating it as we can, In the year 1707, and before he went last for England Henry Cornewall aforesaid and your Petition^r. Elizabeth Browne, did enter into a Contract of Marriage, and that in as solemn a manner as such Contracts usually are or can be done, for we plighted our Faith either to other in the most binding terms, and changd rings in the presence of competent witnesses, Anne Foquet, yo^r. Petitioner, M^r. James Wendey then one of the Ministers of this place, & M^r. Bernard Benyon Merchant being present, and for the due performing of the aforesaid Contract, the said Henry Cornewall & Elizabeth Browne did enter into Articles in writing, and did both of them sign and seal the same in the presence of the Rev^d, M^r James Wendey and M^r. Bernard Benyon aforesaid, who hath been sworn in Court, and moreover the said Cap^t. Henry Cornewall did bind himself in a bond of One Thousand Pounds Sterl. for the due performance of those Articles, and further to confirm us in the reallity of his intentions he made a Gift to your Petitioner Elizabeth Browne of what Estate he had in India, and left a will in her hands, wherein he bequeaths her his whole Estate, and makes her sole Executrix but notwithstanding all the vows, tyes, and obligations he had brought himself under, Cap^t. Henry Cornewall in a short time after his arrivall in England marrys himself to another Woman, and after all this injurious and unfair dealing towards yo^r. Petition^r. the said Henry Cornewall to prove himself the same man thrô out, would have his bonds and obligations under his hand and Seal to goe for nothing, and to be of as little force and validity [as] his words and vows, we therefore yo^r. Petition^rs. humbly apply ourselves to yo^r. Hon^r. &c^a. for redress, hoping you will oblige him to [pay] his bond for One Thousand Pounds, which he hath forfeited, a poor reparation for all the injustice he hath done us, There hath been a suit commenced upon this Bond, for some time, depending in the Mayors Court, but deferrd to be brought to a judgement upon advice that Cap^t. Henry Cornewall was designd for this place presuming as may be suppos'd he would either comply with his bond, or offer such terms as would be accepted of, and the Rev^d. Padre Lewis did before and since the arrivall of the Sherborne speak to yo^r. Petition^rs. to accomodate matters amicably with Cap^t. Cornewall (if it might be done) and not drive things to Extremity, to which your Petition^rs. did not seem averse, but instead of offering to come to an accomodation, Cap^t. Henry Cornewall the second day after his arrivall sent a letter to yo^r. Petition^r: Elizabeth Browne, of which she cannot better, nor more modestly give you the Contents then by saying it was made up of all the ill nature and ill Language he is Master of, and after so much unworthy and base treatment as we have mett with from this man, for him to think at last to run us down, and to carry his point by Calumny and Slander is so vile a thing, that no man who hath the least sense of honour, or the least grain of honesty would be guilty of, we shall not be further troublesome to yo^r. Hon^r. &c^a. but only beg leave to observe that if such principles, and such practices be connivd at, no mans honour, person, or estate can be any longer safe, we hope yo^r. Hon^r. &c^a. will take these things into your serious Consideration, and doe us that justice which to your wisdom shall appear our due, the reason of our addressing yo^r. Hon^r. &c^a. at this time is that M^r. Mayor hath refus'd his warrant to arrest Cap^t Cornewall in an action of One Thousand Pounds at the suit of yo^r Petitioner Elizabeth Browne, and we as in Duty bound shall ever pray.

TO THE HON^{BLE}: WILLIAM FRASER, ESQ.,
GOVERN^{R} OF FORT S^{T} GEORGE &C^{A}. COUNCIL.

GENTLEMEN,

You were pleasd on Thursday last to summon me to answer to a Petition preferr'd by M^{rs}. Elizabeth Browne & Anne Foquet of this place touching a designd marriage between the said Elizabeth Browne and self, a perfect account of which I gave at that time, and comes incerted in this Narrative.

The motive that induced me to enter into an Obligation of that nature was the assurances M^{rs}. Anne Foquet gave me of preferment from England by her, & her freinds recommendations home w^{ch} provd no ways serviceable but rather the contrary, I often repeated to her and Daughter if I could not better my self by Post or Fortune I would by no means think of complying with that Obligation, when M^{rs}. Foquets freinds prov'd of no use, I sollicited my own Relations that entirely refusd all merchandize being Strangers to Trade, then the time drawing near for the India Shipping to depart, that year, I petitiond the Hon^{ble}. United Company to come abroad a passenger on Cap^{t}. Phrip, which they granted and he refus'd, being full and my circumstances not able to permitt me to pay for my passage, I sollicited both the Cap^{t}. Hudsons which refus'd the same then advisd with my freinds what method to take that might be of service to M^{rs}. Elizabeth Browne, and a sufficient acquittance to me, first I declard my circumstances so miserable when in England I was forc'd to run in debt and that considerably, Secondly, I had no int'rest in the Company then governing to serve me by recomendations abroad, Thirdly, I presume the most of this place knows M^{rs}.Foquet not able to better any ones Circumstances by Interest or Fortune notwithstanding her present encouragement in this affair, these Circumstances considerd on both sides if any one Gentleman can see the least appearance of anything but compleat misery in case of that marriage, I should willingly submitt to the severest Sentiments I cant perceive that M^{rs}. Anne Foquet ever designd a Marriage because she declared to Robert Raworth Esq^{r}. Mayor of this place that she refusd me marriage before I went home because she was assurd I would marry in England, then she would have the opportunity of prosecuting this Obligation, and further why did M^{rs}. Anne Foquet & Browne give me an Obligation of Cap^{t} Lee's now Command^{r}. of the Litchfeild to prosecute him for not Complying with the marriage according to his Obligation, not out of Date at the commencing of mine, if she designd her Daughter my wife, I can give severall instances wherein M^{rs}. Foquet has showd herself a designing Woman of no Sincerity, she and her Daughter is pleasd to term the penalty of the Obligation a poor reparation for injurys I have done them, if they were as just in their aspersions as I have been in this proceeding, they would not have troubled yo^{r}. Hon^{r}. &c^{a} Council with their Petition on this occasion.

I think since I could not procure a passage out occasiond by my miserable Circumstances, M^{rs}. Foquet & Daughter, are under Obligations to me, that I advisd them of it, in order to M^{rs}. Elizabeth Brownes not refusing any offer to her advantage, I did at my first arrivall at the West Coast order my Attorneys here, to make M^{rs}. Elizabeth Browne a considerable present for the favours receivd when last here, but since my arrivall at this Port I found so many malicious reports from her, that it has

——FORT ST. GEORGE, FEBRUARY 1710-11——

entirely remov'd the thoughts of any such thing, my Circumstances are miserable enough, having lost all I was worth, by my misfortune on Zeloan and the ball^{e} of my acco^{t}. for four years Service in this place Amounts to so small a sum, that I fear I shall goe off a Debtor from this place, I am ready to make oath in every particular here incerted, hoping yo^{r}. Hon^{r}. & y^{e} Council will take it into your serious Consideration, than doubt not but you'l perceive my actions on my side justifyable, otherwise must referr my self to the Courts at home, by whose Verdict I must rest satisfyd, I am with due respect.

Generall Letter to the Hon^ble^. Court of Directors from Para. 13 to Para 23 inclusive read and approvd.

Generall Letter from M^r^. Noden at Metchlepatam dated the 11^th^ rec^d^. the 22^d^. inst^t^. having been sent about to the Council is now read in Consultation a second time advising the Suba of Golcondah has sent orders to permitt the Kings Present to be ship'd off for Bengall.

Answer to the Auditor Generalls Letter read & approv'd.

Letter from the King of Pegue to the President read the purport of which is he desires two Clocks may be sent him with such movements and images as said Letter directs, which is as Enterd after this Consultation.

Perwanna from Cawne Bahawdir read being in answer to ours wrote him the 20^th^ of June last, about the five new Villages of which he says he knows nothing of, but has wrote concerning them to the Duan which makes us beleive the letter we rec^d^. the 16^th^ of June from the Duan said to have been from Cawne Bahawdir to be false & counterfeit as we suspected then, by comparing the chop of said Letter with those we formerly receiv'd.

The Maddapollam Braminy sending us an acco^t^ of wages due to him for 9 months ending the ult^o^. last month amo^tg^. to Pag^s^. 36 : 31 : which he requests may be paid Kittee Narran, Agreed the same be paid accordingly.

It drawing late in the Season and we having been greatly disapointed by not receiving the Fort S^t^. David bales, by reason of the four French ships intending home lying so long at Pondichery as the 18^th^. Curr^t^. that they saild thence, but we are well assurd by advices brought us on the 22^d^, that the said four Ships was seen the day before in the Offing abreast of Sadrassapatam, which occasiond us to take an empty Briggantine in the Road, on whom we put 14 Lascars on board, with Cap^t^. Jones, to goe out to make a discovery which said advices prov'd true in fact, Cap^t^. Jones having mett with a ship belonging to the King of Pegue bound for this Port who declared that they had been chased by four French ships which came up with them in the Latitude of 11° : 30′ N° by judgement about 20 or 25 Leagues from shore, which gives us cause to beleive the severall reports we have had from Pondichery & Fort S^t^ David to be true, which was that they intended to lye in wait for the Des Bouverie who is now almost full Loaden, and having seriously perusd and read the Hon^ble^. Companys orders relating to the time for dispatching their ships, but more especially that of the 17^th^. April 1708 wherein they recommend to us the dispatching of their ships by the middle of Feb^ry^. but their positive orders are that none be dispatch'd after the last day of that month, the further consideration of this weighty affair is deferrd untill next Consultation.

The Warehousekeeper with Mess^rs^ : Mountague & Jennings who were orderd to buy up what Long Cloth & Sallampores they could geft in Town, doe now report that pursuant to said order they have enquir'd but cannot meet with any, of the Companys sorts and prizes, said report is as Enterd after this Consultacon.

The Council being mett upon this extraordinary occasion and the Captains letter being now read a 2^{d} time, in which interim Seak Jee Baddall deliverd in a Petition that Cap^{t} Raymond had sent his boat with armed men on board his Ketch, which they

had seizd and forcd from her anchors, and brought under the Stern of his ship Bouverie having examind what was on board and left severall of his people to take care and charge of said Ketch.

This matter being well considerd and seriously debated the rather because the Company having never advised us that any such power was lodgd in their Commanders superiour to their President & Council here, as this unpresidented rash action of Capt. Raymonds demonstrates, which has sett all our Native Merchants Inhabitants of this place in convulsions, and makes them despond of adventuring to Sea, it being equall to them if their losses come from the common enemy the French, or their freinds the English, besides [this un]paralelld affront he has given to the Establishd Go[od] name of this place, and that in sight of all the people of the severall Nations that inhabit with us, first that the said Commander should seize a Vessell in this Road under Moors Colours, after she had saluted the Fort and the same was answerd, without any previous notice given us of such his intentions, or any other order he might have, to empower him so to doe in this Port.

And Secondly that the said Vessell does properly belong to Aga Jee Nassure an eminent Moor man Mercht. in Bengall a very good freind to the English, which said Letter & Petition are as Enterd after this Consultation.

Upon the whole it is resolvd that we send Capt Raymond our positive order for him to deliver up the said Ketch with all her effects to the said Seak Jee Baddall, and that he goe immediately on board with Messrs. Smart & Legg who are to deliver our said order to the Captain which said order is as Enterd after this Consultation.

Generall Letter from the Cheif & Council of Pullicat, datd ye. 9th. instt. S. N. recd. ye. 27th past now read, advising they had receivd an answer from the Governr. & Council at Negapatam wherein they say they have no occasion for the Sloop that was taken by the French, but thank us very heartily for our kind offer made them of said Sloop.

Capᵗ. That on the 3d. instt they recd. a letter from the said Nabob by a Braminy to make up the buisness, and when they had agreed for about the Principall sūm of Pags 6500 he demanded Interest or Proffit for Tradeing with his money and allowance for his great charges with Vizagapatam Town's money and that he still continues all acts of hostility, the said Letter is as Enterd in our Copy book of Letters receivd No. [*lacuna*].

Generall Letter from Capt. Goodman at Gallee datd. 19th. ultO. recd. the 3d. instt. now read, advising he and ships Company were all well and that he speedily designd for this Port, by wch we perceive he had not then recd. our letter wrote him early last month, advising him that the four French ships were gone off the Coast.

THE COUNCIL BEING NOW METT FRYDAY 6TH

The Secry. acquaints the Board that pursuant to what orderd him last night, he had been with Capt. Hudson who now delivers a letter from the said Captain which is now read, the purport of it is that being but just returnd from his China Voyage that his ship was in want of all manner of stores and necessarys and that he could not be in a readyness for such an expedition in less than 30 days.

Upon which Capt. Raymond was now sent for to whom the same was proposd who gave us for answer that should he be sent now for Vizagapatam, and that if we designd to dispatch him hence next October it would be very doubtfull whether he could arrive here time enough to be dispatchd hence in the aforesaid month, besides the danger that he may be exposd to by riding there a single ship, or turning it up hither, by reason of the six French ships expected on the Coast this summer, and the Sherborne not being as yet returnd to us from Fort St. David, and the Des Bouverie having all her Petre & Redwood on board.

It's therefore resolvd that we load on ship Raworth bound for that Port the remaining part of the rice, it's likewise Agreed that wee send them Five Thousand Pagodas to defray Military Charges and Factory Expences, they writing us that they are out of Cash.

——*FORT ST. GEORGE, APRIL 1711*——

The President now produces a letter he rec[d]. from Habib Cawne Nabob of those Northern Countrys, the purport of which is that he offers his freindly mediation to accomodate and make up all differences between us and Fuckerla Cawne which letter is as Enterd after this Consultation, it's therefore agreed and resolvd that the President doe write him a kind Letter and accept of his said offer on condition that Fuckerla Cawne doe deliver up to him to be sent us M[r]. Holcombes Obligation, with the Comp[as]. Seal affixd to it, and that the President write a Letter to Fuckerla Cawne to acquaint him of the terms and conditions aforesaid.

The Merchants being sent for was askd why they were so slow and dilatory in bringing in their Investment, gave us for answer that Cotton being so dear disheartend the Weavers for that reason, but this being the proper Season for gathering in the present Cotton crop we need not doubt they would bring in cloth fast enough, and being ask'd how they were enclind to the undertaking another Investment of about Fifty Thousand Pag[s]. they said they were altogether unwilling to engage any further untill the Investments made in the late President Pitt's & President Addison's time were adjusted, but in regard there hath been no Contract in writing between the Govern[r]. & Council and the said Merchants since the practice of the Companys advanceing money beforehand ceasd, so that nothing more was done than that a List of what goods we would have provided was deliverd them to which they gave their verball promise to bring in as many goods as they could procure but would not come under the Obligation of any penalty in case of failure, because they adventurd their own money into the Country and not the Comp[as]. It's therefore Agreed and Orderd that the Accomptant doe forthwith make up the acco[ts]. of said Investments and lay them before this Board.

Agreed and Orderd that Peter Prichard, John Baptista Baileur, & Frederick Chaquett be entertaind to serve in the Gunroom Crew.

The Governr. produces a List of goods to be provided by the ℔mo. next August which is approvd of and Enterd after this Consultation, The Merchants being now sent for, the same was deliverd them to consider of and give their finall answer next Consultation day.

Capt. Alexander Hamilton delivers in a Petition relating to accots. between Malpapoy the Dutch Compas. Broker at Cochin and Mr. John Maxwell decd. which is as Enterd after this Consultation, and the further consideration of the same is referrd untill another time.

Mr. Henry Davenport delivers in a paper in the nature of [a] Remonstrance wherein he doth not acquiesce to what resolvd by us on the 2d. instt. but charges us with partiality and other tart reflections, but because a clear understanding is as necessary to inform and guide the mind to a right judgment, as Light is to the eyes to guide and direct our ways, Wee doe therefore affirm it as a certain and positive truth that wee were no ways misguided by any partiallity or prejudice and that for the reasons following Vizt.

First. That the Honble : Comps : by their Generall Letter dated the 4th of Febry. 1708 recd. ℔ Ship Heathcote accompanying their Commission by said ship for establishing their Government in this place doe name and appoint eight persons with the Governr : to be the number of their standing Council here, and upon the death of the late Governr. Addison who dy'd here 17th Octobr. 1709 and upon Mr. Mountagues going hence to Fort St. David to Succeed as Deputy : Governr. there, and the present Governr. having upon the death of Mr. Addison succeeded to the Chair as the Honble. Companys Commission does direct, by which two of the said number of Council were wanting therefore we did on the 23d. & 29th. Decembr. following elect Messrs : Harrison & Warre to fill up the number vacant

Second. The ship Susannah arriving here the 6th. July last from England who brought us the Honble : Compas : Generall Letter dated 9th. Janry. 1709 which did appoint Mr. Richard Farmer Deputy. Governr. of Fort St. David, by which Mr. Mountague returning hither to take his place as Second at this Board, and the said Letter naming Mr. Henry Davenport to be continued of Council, but in regard he having laid down the Honble : Companys Service for the reasons given in his Petition, which is as Entd. after our Consultation of the 22d. Septembr 1709, made us resolve on the 2d instt. to stand by what wee had done as ℔ our Consultation of the 25th. August last to which wee referr.

Third. And as to Mr. Marshalls petitioning for leave to lay down the Service and to goe a Voyage to China, which he did in a very civil and gratefull manner as does appear by both his Petitions enterd Vizt, the first after the Consultation on the

——FORT ST. GEORGE, APRIL 1711——

3d. March 1703, the other on the 26th. of June 1704, but on advice of their having been Pyrates gone for the Streights of Malacca made Mr. Marshall suspend his first design for that time and there being an Order of Consultation then for his continuing of Council during his stay on shore, untill he proceed[ed] on the ship Queen to China which was on the 28th. June 1704, whe[n] having returnd laid no claim to the Service, althô mentiond in Compas: Generall Letter ℔ Fleet Friggat, which we take notice of as a wrong assertion in the aforesaid paper.

Fourth. As to what alledg'd in relation to Messrs: Brabourne, Mountague, and Bulkley who had likewise laid down the Companys Service, they being appointed of Council for this place as ℔ the Commission recd. by the Heathcote as aforesaid, and it can't be deny'd but that the Honble: Company are Masters of their own Orders and Laws to their Servants, by which we cannot perceive they give us leave to exceed the number of nine including their President to be the establishd Government of this place.

Fifth. As to Mr. Davenport's valuing himself so much on taking up one of the Compas. Ships for China, the President doth affirm th[at] on the 2d. Novembr 1709 when he arrivd here from Fort St. David he found a project laid and a design formd to hire a Danes ship called the Golden Lion for a Voyage to China, and had actually agreed for the said ship for the sum of Pags. 4500, which design so clearly laid and formd the President and Council had no other way to break [it] than by refusing to sell them any of the Compas. Silver any otherwise than to those that should take up the ship Hallifax for Voyage to China which at last they did, and as to the Advantages that accrud thereby to the Company, that would have been so wh[ether] the said Mr. Davenport had gone or not, who otherwise ought rather to have been thankfull to the Subscribers of such a Stock that Amounted to Pags. 128000 who allowd him the moiety of so large a Commission as 5 ℔ Cent on the said Stock, when at the same time severall others who had been Supra Cargoes at China before, offerd their Service. and would thankfully have accepted to have gone that Voyage on the same terms and encouragement as he did.

Sixth. As to his looking on himself to be one of the Honble: Compas. Servants, and as so expects his Sallary, Dyet money, &ca. Allowances, to which wee can say no more than that matter will be best determind so soon as the Honble: Compas next expected shipping shall happily arrive here, however, it is Agreed that his said paper be enterd after this Consultation.

The President produces his Letter wrote to Nabob Habib Cawne as agreed on last Consultation, which is now read and approvd and is as Enterd after this Consultation.

THE HUMBLE PETITION OF OLIVER COLT HUMBLY REPRESENTETH

That having been very ill treated by his Commandr: Capt. Hudson, who after previous abuses & insufferable affronts of the grossest Nature did challenge yor: Petitr. to a Duell at the Factory in Canton, Yor. Petitr. thô having the just and common resentment of such proceedings, did by the prudent advice of the Gentlemen our Supra Cargoes, decline answering the said Challenge, as being a practice

known of the last and worst consequence to the publick Concern, and without giving the least Disturbance sufferd confinement on board of ship till her arrivall in this Port.

Your Petit^r. humbly beggs that in consideration hereof yo^r. Hon^r. &c^a. will be pleasd to order his Discharge from the Hallifax, Cap^t. Hudson having by his ill treatment renderd him uncapable of serving him any longer, he being generally known and even to his freinds of so insulting and haughty a disposition, that no man of common spirit and manners can bear with, for had not the Gentlemen our Supra Cargoes interposd their Authority and Protection yo^r: Pet^r. must have undoubtedly mett with most barbarous treatment and ill usage during his said Confinement.

Yo^r: Petit^r: desires further to inform you that his Mate is sufficiently qualifyd for the employ, having officiated as Surgeon on board one of her Majestys Ships, and since his being on board the Hallifax has given sufficient proofs of his good behaviour and capacity.

Your Petit^r. offers his Service in any other Station where your Hon^rs: shall please to employ him, and as in Duty bound

shall ever pray &c^a.

To THE HON^BLE: WILLIAM FRASER ESQ^R:
GOVERN^R. OF FORT S^T. GEORGE &C^A. COUNCIL.

May it please yo^r. Hon^r: &c^a.

Yo^r. Petit^r. being here in the month of August 1707 was sued by M^r. John Maxwell for payment of a ballance of an account due by Malpapoy to him, which yo^r. Petit^r. had obligd himself to see paid in case the said Malpapoy did not pay according to their Contract yo^r. Petit^r. knew nothing of any certain sum but was satisfyd that the Ballance could not reach above 6000 Rup^s. but said Maxwell bringing in false acco^ts. which he profferd to swear to yo^r. Petit^r. was obligd to pay him 10166 Rup^s. which award and receipt of M^r. Maxwells for said sum when deliverd to Malpapoy in Cochin made him apply himself to the Commodore and Council there who before had discussd that matter, and had the Acco^t. Curr^t. in their possession, in which acco^t. he made no demand of Commission nor pocket money &c^a. errors which are to be found in his acco^t. here, but they drew out a fair acco^t. and with a Letter of advice sent it to Govern^r. Pitt a Copy of said acco^t. is hereunto annexd.

——*FORT ST. GEORGE, APRIL 1711*——

My most humble request therefore is that yo^{r}. Hon^{r}. &c^{a}. will please judiciously to weigh the matter and order the Estate of said Maxwell to reimburse me in what I overpayd him, with interest since the terme of payment of said sum of 10166 Rup^{s}. TO THE HON^{BLE}: WILLIAM FRASER ESQ^{R}:
GOVERN^{R}: OF FORT S^{T}. GEORGE &C^{A}. COUNCIL.

HON^{BLE}: S^{R}. &C^{A}.

The 6th. instant M^{r}. Sec^{ry}: Warre sent me Copys of severall Paragraphs of your Consultations Dated 25th. August, 26th March, and 2^{d} April last, relating to the Hon^{ble}: Comp^{as}. orders for continuing me in the Council of Fort S^{t}. George, which I demanded as my right when I was before you the 26th past month, offering then my Service to the Company, as being the first opportunity I had since the arrivall of their last years Shipping, but you having denyd me the same, by coming to a positive resolution to deprive me thereof, contrary to the Companys orders, or ever hearing what I could say against those reasons you endeavour to give for my not sitting and acting as one of the Council of this place, obliges me here Hon^{ble}: S^{r}. &c^{a}. Gentlemen to tell you I think there seems a great deal of partiallity in your afores^{d}. orders of Council, you wholly refusing me what before you had granted in the like case to two of your Council setting at your Board Viz^{t} M^{r}. Mountague & D^{r}. Bulkley who had both of them laid down the Comp^{as}. Service before the late Commission you quote came out, and of which the Company could have no advices thereof. M^{r}. Marshall in the late Governments time was designd for China, and

had lay'd down the Compᵃˢ: Sevice, who not going was reinstated, many other instances [I] can give you, but at this time beleive these are sufficient. As for my making a Voyage to China, one would have thought that would have enclind you to have done one a service rather than a prejudice since it employd the Honᵇˡᵉ: Compᵃˢ: ship lying upon your hands, for which we payd so considerable a freight, together with the advantages will accrue by the Customs on her returning Cargoe, The Honᵇˡᵉ: Compᵃ: you find had appointed Mʳ. Brabourne Second of this place and Depᵗʸ. Governʳ of Fort Sᵗ. David notwithstanding he had employd a Seperate Stock Ship, and himself gone upon her, which they thought not so great a crime as to hinder his being reinstated in their Service, so had that poor unfortunate Gentleman liv'd, suppose his absence must have deprivd him of the Succession, as being paralell case with my own, I doe hereby declare notwithstanding your aforesaid entrys of Consultation, I look upon my self the Honᵇˡᵉ. Companys Servant, as having profferd my Service to them, .so expect my Salary, Dyet money, and all Allowances the Honᵇˡᵉ: Compᵃ are pleasd to grant to those in my Station, which doubt not but will be granted in a month or two, notwithstanding what has been now done to

It is now almost two months past that I recᵈ. the honour of yoʳ. very obliging kind Perwanna wherein you were pleasd to offer me your freindly mediation, in order to compose and accomodate all differences between Fuckerla Cawne and the English at Vizagapatam, relating to what remains as a Ballance due to Fuckerla Cawne which our people of that Factory say is Pagˢ. 6500 which because wee now find and not before that the Rᵗ. Honᵇˡᵉ. English East India Compᵃˢ. Chop or Seal is affixd to the Obligation given by Mʳ. Holcombe the former Cheif of that Factory for the money he (and not the Compᵃ.) receivd of Fuckerla Cawne, I am therefore willing for the honour of our said English East India Compᵃ, and the credit of their common Seal or Chop, to accept of your very kind offer as mentiond in your Perwanna where you promise to pay for me the remaining Ballance due to Fuckerla Cawne which is the aforesaid sum of Pagˢ. 6500 but conditionally on the following terms Vizt. that first of all the said Seer Lascar Fuckerla Cawne shall raise the seige, cease from all acts of hostillity, remove and withdraw his army from our bounds, and march them to their former usuall distance, as when we were in perfect peace, and good freindship, that Fuckerla Cawne deliver up to your hands the Obligation given him by Mʳ. Holcombe with the Companys Seal or Chop affixd to it, on these terms and conditions yoʳ Excellᶜʸ. may draw Bills upon me for the abovesaid amount of Pagˢ. 6500 payable to any person at any time that shall bring me your order under your own Chop, together with the aforesᵈ. Obligation with our Companys Seal given Fuckerla Cawne, wᶜʰ. done I promise and engage my faith, word, and honour, God willing, punctually to comply and make you all good and full payment, besides I shall always take it as a speciall mark of your favour and great goodness to me never to be forgotten, because that when these troubles are happily at an end, the poor innocent Natives in those parts so long deprivd of the means of a livelyhood may again Come to live comfortably because 'tis said Blessed are the Peace makers Pray God keep you always under his kind care, with an Increase of the Kings Love and favour, what need I say more.

HONBLE; SRS.

Being advisd last Consultation day that my Doctor had deliverd in a Petition to yor. Honr. &cª. for his discharge from the ship Hallifax alledging his being ill treated by his Comandr. when you was pleasd to send for me I did then by word of mouth give yor. Honr. &cª. the whole accoᵗ. of the occasion of the difference between us as now I doe in Writing. At Canton my Boatswain being very ill of a Flux I askd him as usually I did how he did, he told me he was very ill, the Doctor standing by swore by God he was much better, and that he did not doe him justice, for that he was much better than he was, I spoke very mildly to him for some time, he still persisting in his way of swearing I askd him what he meant & told him he talkd very saucily and so left him, his carriage to me afterwards as if he never knew me, and always past by me daring of me, I sent for him up and askd him the reason of his Carriage to me, he told me he did not care what he did, and talkd to me in his former Language, which treatment urgd me to strike him, his Carriage still being very imperious for fear of any further disputes I thought it best to send him on board which I did but without any manner of confinement as he declares in his Petition, he having the same Liberty as all the rest of the Soldiers on board the ship, now whether it is proper for the Hallifax to proceed to Europe with eighty men in time of warr with a valuable Cargoe of the Compas. I leave to yor. Honr. &cª. consideration

The reasons by being parted from Capt. Raymond in the Latitude of 38°. 42′ or thereabouts Capt. Raymond and I were seperated being the 16th. of Febry. at eight in the morning.

The night before having contrary winds and thick weather the Commodore made his Signall for lying by the fore part of the night.

At ten the wind sprung up at N.W.

I lay by till 12 expecting to hear or see the Commodores Signall for making Sail, but did not for 'twas dark weather.

But I made sail keeping in sight of some of the Fleet but at day light the Commodore was a great way a head, I made the best of my way to them expecting to find all the East India men there but at eight looking out I saw a parcell of ships to Windward wch. proved to be them, containing in all five sail, I then could but just see their Hulls, which was impossible for me to think of joyning with them, neither I never thought that our Ships would have parted from the men of Warr as soon as daylight, till we were all gott together and see how we lay.

March the 2d. I anchord in Madera.

On the 6th I saild making the best of our way to the S°ward still in Company with the men of Warr.

FROM HIS EXCELLCY. ZOUDEE CAWNE
RECD. APRIL 27TH: 1711.

I recd. the favour of yours with the presents which you sent to the Govern^r. of Bengall and heartily return you thanks for the same, I have often visited the said Govern^r. who is a Gentleman of so many good parts that I want words to express them, and under his management the Comp^as. affairs cant fail of flourishing.

I observe what yo^r. Hon^r. writes concerning the French, whom I have threatend severely, and design to make them enter into bonds not to give any trouble between Pullichery and this place, I told them that if there was Warr in Europe, let them dispute the matter there & not in the Mogulls Dominions who is no ways concernd therein, to which they answerd that all their buisness in these parts is Trade, but that the English & Dutch committed Acts of Hostility not them, upon which I sent for all their Vackeels, and demanded a bond from them that they should remain quiet, without molesting one another, but the Govern^r. of Calcutta refusd to give any such Obligation, alledging that he could not doe it without orders from her Majesty his Soveraign & the Company his Employers, however have issued out my orders to them that they doe not at their peril pursue their quarrell in these parts.

By Noquedah Sherif Hussein & Hodjee Mahaudee on Aga Mookeems Ship I have sent his Maj^tys Phirmaund & Prince Azemoodeens Nishân & Seerpow for the King of Pegue, which I designd to have sent to be forwarded by you to him, but missing the Monsoon I was forcd to send it directly hence, I desire you'l write to that Prince to send back Abdull Fuzzill whose name the King has now chang'd to Hagib Cawne.

Yo^r. Hon^r. writes that you have sent severall ships to Metchlepatam to take in the present but the Government there hinder it, all which I have advisd to Court, and the Govern^r. of Calcutta has likewise sent his Petition concerning it, I have also wrote about a Phirmaund for your being Custom free &c^a., in a short time you may be assurd of an Hosbullhookum, about the Metchlep^m. affair, and I hope your buisness will be finishd as you desire.

Pray write strictly to your Gomosta at Metchlep^m. that he send the presents away without delay, for I can't imagine what the Gusbardar, or any other person there has

——*FORT ST GEORGE, MAY 1711*——

to doe with it, the longer you desist from forwarding it to the Court, the less acceptable it will prove there but as the presents are yours you may doe what you please with it.

Aga Mookeem & Mahomud Ruzzau, are very gratefull in Acknowledging to me the favours you are pleasd to conferr on them, to whom I desire your utmost Countenance and Assistance, if the latter is willing to come to me this Year I request you'l assist him therein.

Herewith comes the Princes Seerpow and one from me, which you must receive with the usuall Solemnity.

If you have any good Oranges from China pray send me some, as also the Orange Trees yo^{r}. Hon^{ble}. Predecessor wrote me he had procurd and I will forward them to Court.

FROM DITTO REC^{d}. MAY 27TH : 1711.

Having rec^{d}. frequent orders from Court to procure and buy up the Elephants that come from Tenassery, Quedah &c^{a}. I have desird Aga Mookeem and some others my freinds to help me therein the like favour I begg of yo^{r} Hon^{r} : and that you will please to use your interest with those Merchants, as also with those who deal in precious Stones that they will bring them hither, and whatever Cowle you are pleasd to give them I will stand to it.

The Sea ports of the Cornatta & Golcondah countrys are confirmed to me, and I shall speedily receive orders about the Jaggeir, the Hosbulhookum that was formerly sent against it, was done by Cawne Bahaw[dir] without the Kings knowledge but now he and I are very good freinds and all I hope will succeed well.

I have wrote to Isuph Cawne, the Gusbardar, and your Gomasta at Metchlepat^{m}. about the presents, which pray forward to them.

FROM DITTO REC^{d}. DITTO TIME:

I am surprizd to hear that you have turnd Serapa out of your place, and that he is forcd to take protection in S^{t}. Thoma he was in your Predecessors time the Manager of most of your affairs and a well wisher to him, therefore to use him so now is very improper for 'tis in a great measure owing to him that your place is in so flourishing a condition as it now is, which obligd the former Gov^{r}. to be so civil to him, but if he has done any thing amiss to you let me interceed for his pardon, and I have also desird the Govern^{r}. of Calcutta to write to yo^{r}. Hon^{r}. about this matter, but if I am so unfortunate as not to obtain my request, pray send him and his family hither, and I will give him a considerable Post under me for [such] a person of his approvd wisdom, and as such I should think it my interest to be kind to him, and keep him with you, or else let him come to this place, where he may be assistant to yo^{r}. Comp^{as} : affairs.

Agreed and Orderd that the ship S^t^. George so soon as unliverd be sent to Bengall with all the Rupees we have now and what more can be gott ready by that time, but that in her way she touch and call in at Metchlepatam, there to take on board the Kings present which having been detaind there so long by the Gusbardar, which no doubt for that reason must have rec^d^. great damage, It's likewise Agreed to send on the said ship what great Gunns lye there formerly belonging to the New Company, the Gentlemen there having wrote us for what Culverins we can spare.

Agreed and Orderd that the Hon^ble^. Comp^as^. ship President be dispatchd for Vizagapatam for their assistance as a Guard ship if their occasions require it, otherwise to be sent to Bengall to be dispatchd thence with Salt petre and Stores for the West Coast, to prevent as much as in us lyes her being a dead charge to the Company.

As to the Chay goods of the Metchlepat^m^. sort the Company have so frequently wrote for and we as often discoursd our Merchants to procure the same, who can't be prevaild with to undertake providing them on any other terms but by advancing money [before]hand, for which reason the further urging of this matter is [deferrd] untill another time.

In the letter from the Lord Zoudee Cawne to the President wee notice that he expresses a great zeal and affection for Serapa formerly Cheif Merchant here, and wonders much that he should [quit] this place, and goe and take protection at S^t^. Thoma, of which [he] knew nothing of at the time he went hence, but on enquiry in [to] the reasons found them to be, that he could not withstand the [cry] and clamours of so great a cloud of Creditors as he was indeb[ted to] notwithstanding for the Lord Zoudee Cawnes sake who solicite[d] much in his behalf, that he may be permitted to return to Fort again, Its therefore Agreed that wee give him a Cowle, but that [it] be so worded and circumstantiated as may fully bind him to his good behaviour that he may not create any disturbance amongst the Casts or otherwise.

M^r^. Martin Warehousekeep^r^. who with Mess^rs^. Raworth & H[unt] was Orderd to see the twelve chests of Silver deliverd sold last Consultation day doe now report that on opening chest N°. 14[2] found one entire bagg to be wanting ℔^z^ as ℔ inv°. 72 ^lb^: 8^oz^:, said report is as Enterd after this Consultation.

——*FORT ST. GEORGE, MAY 1711*——

Agreed that five pipes of Madera wine be bought for stores for this place and the Subordinate Factorys, and that the twenty Leagers of Batavia Arrack rec^{d}. in March last be paid for.

On reading the Hon^{ble}: Comp^{as}: Generall Letter dated the 7th July 1710 wherein they recite to us what wrote them by Gov^{r}. Pitt from Bergen in Norway Vizt that there was 2500 bales ready to ship when he left his Government, upon which the Warehousekeeper was then Orderd to lay before the Board a List of all the bales in the Godown on the 17th Septemb^{r}. 1709 and what more was sorted from that time to the Dispatch of the Heathcote, which he now delivers in, and is as Enterd after this Consultation, which disagrees very much with what advisd by the late Presid^{t}. Pitt as may evidently appear by the dates of all the severall notes in all the respective bales loaden on the Heathcote.

Agreed that the Warehousekeep^{r}. doe sell Lead for as much as can be gott but not for less than Pag^{s}. 6½ ℔ Candy, that Commodity having fallen much in it's price, by reason of so much Gan[ce] Lead imported here from Pegue.

Cap^{t}. Hudson sending us in a Letter relating to his Surgeon requesting that he may be sent on board It's therefore resolvd that Oliver Colt doe repair on board and look after the sick, and that the President doe acquaint him with this our resolution.

Generall Letter from Cap^{t}. Cornewall at Fort S^{t}. David dated the 4th. rec^{d}. the 6th. instant now read relating to his Surgeon that had left him and come upon a Country Boat from Cuddalore without the knowledge or privity of the Dep^{ty}. WILLIAM JENNINGS.	WILLIAM WARRE.	

Generall Letter from the Cheif & Council at Vizagapat^{m}. dated the 22^{d}. ult^{o}. rec^{d}. last night now read being a sad and melancholly theam of their hard suffering there by reason of Fuckerla Cawnes having laid a more closer seige than ever to that Factory, and that they were in want of all manner of stores and provisions, and were very urgent with us to send them down a Europe Ship to give a countenance to the place, upon all which the following was resolvd that the ship S^{t}. George formerly orderd to goe hence with all the Comp^{as}. Rupees wee had ready to Bengall, but in her way to touch at Metchlepatam and take in the Kings present there is now Orderd to be gott ready as soon as possible for Vizagapat^{m}. and what Stores and Provisions were designd to be sent them on the ship President be now loaded on the S^{t}. George.

It's also Agreed that Ensign Hobbs and twenty men be drawn out and gott ready to send on said ship as recruits to that place, Ensign Dixon formerly sent thither being unfortunately shott and soon after dyed of his wounds, of whom the Cheif &c^{a}. give very large encomiums of his valour and conduct on all occasions.

Generall Letters from Mess^{rs}. Faucet & Noden at Metchlep^{m}. both dated the 7th. rec^{d}. the 22^{d}. inst^{t}. now read.

M^{r}. Molyneux now appearing before us again in behalf of M^{r}. Henry Davenport and himself, and desires our answer in relation to our letting out ship S^{t}. George and he being desired to withdraw the same was taken into consideration in manner following, first that wee are likely to have much more Tonnage of Shipping then wee can by any foresight promise our selves to have goods to [fill up, and] the late President Weltden and Council advising us in their letter of the 25th. Novemb^{r}. last that in case the S^{t}. George should arrive us that wee provide for her, by which they cast the whole care of that ship on us, and wee knowing no better way than to lett her out rather than lye a dead charge, therefore it's Agreed that the said ship be lett out to Mess^{rs}. Davenport & Molyneux for Bengall and Surat for Eight Thousand Pag^{s}. but if in case the said ship shall proceed to Persia than to pay Two Thousand Pag^{s}. more, and the said ship to arrive us (with Gods permission) by the fifth of August that shall be in the Year 1712, otherwise to pay Demorage *pro rato* according to Charterparty and that she be dispatchd from Vizagapatam, by the 20th of July next to proceed thence directly for Bengall, and there to be deliverd up to their order, M^{r}. Molyneux was call'd in, and acquainted with this our resolution, who us'd some arguments with us to moderate the freight but was told wee had fixd the same, which at last he acquiesed in and agreed to, upon which the Sec^{ry}. is orderd to draw out interchangeable contracts accordingly.

The ship President formerly orderd to Vizagapatam, is now Agreed to be sent to Metchlepatam there to receive and take aboard the Kings present, and proceed directly to Bengall consigning the same to the President and Council there.

In discoursing of the Hallifax so as if it might be possible to dispatch her hence next October, and the Warehousekeeper being askd what number of bales he had in the Godowns, he told us there was of all sorts 1842, and there being but about 70 bales at Fort S^{t}. David of the last years Contract, which being in all but 1912, of which quantity at least 1650 must be allowd for ladeing of the Des Bouverie, so that there will remain but 262 bales an overplus, which with the 600 bales the Merchants promise to bring us in by the 10mo Septemb^{r}. next, which if so will be in all but 862 which will not give a full Ladeing to the Hallifax, It's therefore resolvd that if wee

——FORT ST. GEORGE, MAY 1711——

have not a prospect within twenty days to gett a full Lading for said ship of this and Fort S^{t}. David goods, that wee send her to Bengall, and load on her Six hundred Bales of Callicoes, with all the Companys Rupees that shall be then ready.

M^{r}. Thomas Frederick Paymaster reads that account for last month Vizt.

Messrs. Frederick, Martin, Benyon & Hunt deliver in their report concerning Colloway Chitte and the Compa Merchts. accot as follows.

To the Honble. Edwd Harrison Esqr.
Governr of ffort St George &ca
Councill.

Pursuant to your Honr &cas. orders wee have examined the warehousekeepers. and joint stock Merchants accounts and find the following differences.

		f	ca
In aprill 1709 The Merchants are indebted to the warehousekr as ℔ the Genll. books	Pa 16423	32	4
overcharged them in ye accot.	7667	21	3
Should be ..	8756	11	1
and Colloway Chitte rec'd six chests of Silver wch : were omitted to be charg'd by the warehousekr to his accot. amounting to	14209	20	0
	22965	31	1

So that the difference appears to be 6541 : 34 : 3 which they are less charged then they ought to be but Colloway Chitte alledges that the aforesaid six chests of silver was for his own account and that it ought not to be placed to the Joint stock account, and does Averr that he paid for the same, but his answers are so Shifting that ti's impossible to come to the truth of it, first he declared he had none of the said Silver and then when he owns he had it, said he paid the amount to Governr Pitt, and when that would not do, he declared he paid it to Mr. Empson before wittness but can produce none.

Wee observe Mr. Empson at the time of his decease stood indebted to the Company upon their warehouse account pags. 19270 : 32 : 3 and ti's likely this Silver in dispute was part of it, for the warehousekrs Conicoplie offers to take his oath that Colloway Chitte never paid him for it, or does beleive that Mr. Empson ever rec'd it, this is the true state of the matter as farr as wee can have light into it wch wee humbly lay before your Honr wee are.

Mr. ffraser errs in [allowing] a Merch^t^ to [land] Elepts. at Trivlecane [The] Customs adequate [St.] Thme.

M^r^. Warre, and the Secretary Acquaint the Board that haveing been to wait upon M^r^. ffraser pursuant to an Order of last Consultation to know if he gave leave to DeLaal Cawn to Land his Elephants at Trivlecane, upon what terms and for what reasons, he gave the following answer That the said Affair haveing formerly been proposed and debated in Consultation, and to the best of his remembrance agreed to by the board, he had given an Order for Landing the said Elephants, and a promise that they should pay no more custom than according to the rate of S^t^. Thoma Viz^t^. half a pagoda ℔ Coved, and further added the following reasons for what he had done, first that the Merchant told him that the Elephants were very small. Secondly that if he had not consented to their being Landed at Trivlecane they would have been Landed at S^t^. Thoma and consequently the whole custom would have been lost to this Port.

reasons.

Council found not [to consent] to ye Landing [of the Elep]hants upon any by [Mer^ch^.]

The Council

The President demanded of those Gentlemen that were of M^r^. ffraser's Council if ever they consented to the Landing of the Elephants, who answered that they had once sett all their Hands to a Cowl for Landing Elephants as afores^d^. except M^r^. Warre who refused, and for giveing his reasons for not signing, the rest of them had been convinced and retracted what they had done denying to give the said Cowl and consequently nothing of this matter was entered in Consultation, the petition on

— FORT ST. GEORGE, AUGUST 1711 —

which the Cowl was grounded being unanimously thrown out, They say likewise that they did consent to the Landing the Elephants at Trivlecane for the Merchants convenience being near the Garden where they were to be kept, but never Agreed that they should be excus'd the usuall cust[om] *ut valorem.*

assented to their Landing at Trivlecane for ye Merchts. convenience but not excus'd ye customs as formerly.

This Affair being thorowly debated the Board came to the following Resolutions.

That Mr. ffrasers reasons for consenting as aforesaid were frivolous and ill grounded, Because as to the first reason, had the Elephants been great or small the custom *ad valorem* had been much more than the St. Thoma Duty by the covd. And as to the Second reason, if we once consent to abate our custom on One Merchant's Acct. for fear of his Landing Goods at St Thoma, we should lay open a fair road to destruction of the Sea Customs in this Port, for every Moor wou'd bring us petitions of the like nature, & the Elepts. D[uty] wou'd be in a manner wholly lost wch amots. to considerable ℔ Annum.

Resolutions to prevent ye future diminishing ye revenne.

Resolv'd that we have no power to alter the establishment of the Sea Customs without permission from our Honble Masters.

The establishd custom to continue without deviation.

Resolved that De Laal Cawn the Merchant who landed the Elephants on Mr. ffraser's parole as has been confess'd by him and fairly proved by Wittnesses ought not to pay more than the St Thoma Duty according to the late Governr's promise.

The Mercht. required to pay no more than the St. Thoma Duty &

Resolved that the Gentlemen of Mr. ffraser's Council are not answerable in this case haveing refused their consent.

Ye Council not answerable for ye same since they refused their consent.

Resolv'd that the late Governr. Fraser haveing on his own head given leave to De Laal Cawn to Land 32 Elephants value 7900 Pagodas on condition to pay only the St Thoma Duty ought to be accountable to the Honble Company for the difference of the Customs which amounts fairly to Pags. 286. —. — as ℔ Account enterd after this Consultation.

But Govr. Fraser to be accountable for ye difference.

Ordered that this matter be referr'd home in the generll. letter for our Masters Approbation and that it be publish'd at the Sea Gate, that no such liberty shall ever be granted for the future, this matter haveing happend only by mistake, and this is done that the Merchant may not pretend he brings his Elephants in hope of being favoured in the same manner as Delaal Cawn.

A TRUE NARRATIVE OF AN ACTION THAT HAPPENED BETWEEN CAPTAIN ROACH'S PARTY & OUR ENEMY'S THIS DAY, BEING THE 17^TH^ OF AUGUST 1711.

I was order'd to posses myself of a part of the bounds, were the Enemy were seen to be ffireing very briskly from, last night, which I did this morn^g^: by break of day, I ordered about 200 Peons that belonged to the Outguards to Attend me, the Cooleys began to work about the demolishing the Walls by six in the morning & continued till 12 at noone, but cou'd not hear of any of the Enemy's to be near our bounds, only a few peons about a mile off, but about twelve a clock intelligence was brought, that Mohabut Cawne with all the force of Chingie was within a Mile of our bounds, upon which I dispatch'd immediately a peon to the Gov^r^. & Council who was not arrived in two hours in the Interim before I had any releafe from the rest of the bounds, they Attack'd me with about 400 horse & 1,000 foot, it was a great misfortune to me, there Attacking the party Cap^t^. Coventry had the Command of, & Ensigne Somervile, the latter prov'd such a Coward, y^t^ he was the occasion of the ruin of the whole party, in shewing them an Example, by running away first, which cost him his life, & abundance more of the same party, but I must doe Cap^t^. Coventry that Justice, that he behaved himself Extraordinary well, & wou'd have made a very good Officer, if please God he had lived, He rec^d^. several Wounds before he

dropt, I had my horse shot under me & was charg'd Several times by the whole party of Horse, upon both Flanks & rear & kept them in play till they were glad to leave me Master of the ffeild with less then fourty men, there was not one of the 200 Peons, I carry'd with me, would stand, neither Officers nor peons, but when the Horse charg'd me they presently ran away, if they had but stood by me I would have mounted as many Horses of the Enemy's as would have made a good Troop for the Company for there was not less then Seventy, or Eighty of them running about the Feild without Riders, their masters being dismounted, we compute that the Enemy cou'd loose not less, then 140 & 150 men kill'd & wounded, besides horses & 2 sent unto the ffort, I have buryed the dead all in the ffeild of Battle, excepts: Capt. Coventry & Somervile, I sent to the ffort, I leave any Impartiall ℔son to judge wt. the loss of the Enemy must be, when they were at the push of the Pike for two hours together & apply'd them with our Bullets & swan shot, as fast as possibly we could, this is the true Narrative of what happened.

To Robert Raworth Esqr:
Deptv: Govr: of ffort St. David
&cA. Councill.

Sirs.

Capt. Coventry & Ensigne Somervile kil'd.

Yesterday we recd. yours of the 18th with the unwellcome news of an Action wherein you lost, Capt. Coventry & Ensigne Somervile, we lament the unhappy fate of the former, & the shamefull behaviour of the latter deserves little or no Compassion.

no care taken to prevent a surprise.

It appears too plainly by your own Narrative, yt due care was not taken to prevent a Surprise, nor were party's laid Sufficient to Succour those that were employ'd to demolish the wall, considering the Enemy were so near you the day before this accident hapned.

it is ye. very Essence of ye. Millitary art so as to dispose of yre partys yt they may be assistant to each other.

It is the very Essence of the Millitary art to dispose your party's, so that upon an Attack of one place they may speedily repaire to the releife of their Companions we hope this unfortunate Action will cure our Officers & Soldiers of that vanity that has lead them into the Error, & that they will readily embrace the first good opportunity, to make their barbarous Enemy's pay deare for their cruell triumph.

no Surgeons mate [is] procurable.

We shall send you a case of Instruments by the very first opportunity in the mean time you must get what you can from Pondicherry, Mr. Raworth knows we have never a Surgeons Mate here, yt. is good for any thing, or else we would certainly send him, apply to the ffrench & Danes to gett one for the time.

to treat wth. ye. Enemy sword in hand, an Ambuscado proposed.

Wee agree with you that you must treat sword in hand & now yt. your Enemy is flushed with Success, we hope they will give you an Opportunity to quit Scores, A Well dress'd Ambuscado if your spys could be trusted would draw them into your power & if you part with them before you have revenged your Countrymen we shall think it high time to begg a peace.

disposall of the rice approv'd off.

We approve of what you have done with the Compas. rice to make the poor easy for the present, as we shall doe of any other further measures you shall think convenient to take for that purpose.

no mention made of the number kill'd.

You say the kill'd & wounded in the late Action amounts to the same number as last advised, but we dont find any number mention'd neither in our Letter nor what Mr. Raworth wrote the Govr. nor in Capt. Roaches Narrative which makes it very deficient.

The Capt. to have thanks return'd him for his conduct.

However we thank the Capt. in our Masters name & our own for his courage & Conduct in bringing the men well off & desire you to acquaint him with the same adding withall yt. we would not have him despise his Enemy so much as to expose himself or his souldiers to any unnecessary danger, You all know how difficult it is for us to Recruit.

—— *FORT ST. GEORGE, AUGUST 1711* ——

We are Surprised at the infidelity of the peons & Servants you have about you & recommend it to yo^{r}. Care to make thôrô reformation — A reformation to be made with the Peons.

We shall be glad to hear of an investment, on the best terms you can gett these troublesome times, we have perused the Chingy Letters & take them to be intended as delusions to draw you into Snaires, & wish we may find ourselves mistaken, we conclude wth. Assurance we will doe all we can to make peace & would have you neglect no means to doe the same if they Offer to treat, but mony is what we cannot part with, unless in the greatest necessity, However we would not have you loose any Opportunity of taking full Satisfaction, of your bloody Enemys for their barbarous usage & are. — thoughts of an Investmt. — no mony to be parted wth. to make peace.

I have recd. your kind Letter wherein you acquaint me of your Arrivall to the Government of Chinapatam which highly rejoyces me, heartily congratulating your Succession to the said Employ, in the same letter you mention the injustice of Suroop Sing which I observe & according to your Letter I have Strictly writt to him, being what it behoves mee to doe & doubtless he'll occasion you no manner of trouble for the future.

Herewith comes a Serepow to my friend & you ought frequently to acquaint me of yor. health what can I say more.

Mr. Secretary

Sr.

To the Paper you sent me yesterday I now return you the following answer.

At the time I returned here from Fort St. David which was in November last was 12 months I found my self very uneasy by the Petitions & frequent complaints of the Inhabitants of Yegmore &ca. the Compas. Villages against Colloway Chittee & Vincatty Chittee, The ffarmers & Renters of the said Villages for their taking 70 ℔ Cent of all the produce of paddy of the said Villages & allow'd the Inhabitants but the other 30 ℔ Cent for all their Subsistance &ca. charge which was contrary to the agreement between them & the Aforesaid ffarmers the Inhabitants strenously Alledging the same as matter of fact which the ffarmers as often denyed in this contest between both parties the Inhabitants deserted the Villages & went away into the Country at which time I sent for both the ffarmers & told them what had happen'd by reason of their extorting more then was their due. the Villages thereby became desolated, & that neither the deserters nor any other people could be prevailed with to come & live under such hard pressures but after a Multiplicity of Words in their own excuse it concluded in their sending a Writeing to the deserters wherein they promised & obliged themselves to allow the Inhabitants 40 ℔ Cent if they would return againe to their several Villages & former Occupations.

— *FORT ST. GEORGE, AUGUST 1711* —

On the promises & Assurance the People return'd to their Several Villages again but the Renters non Performance of what they promised made the Inhabitants renew their complaints to me & said 'tis impossible for them as being of the R^t. hand cast, to live under the Renters who were of the contrary cast & rather then so they must leave their habitations & be gone unless (as they humbly Requested) they could get Conapah Chittee as being one of their own Cast to be the Renter in cheif of the Villages w^ch. if done then all manner of complaints would then cease and be quiet.

Next day in the afternoon I sent for Colloway chittee & Vincattee chittee & told them the trouble I had by the frequent complaints from the inhabitants of the Companies Villages, I likewise sent for Conapah Chittee & got them all to meet in the dining Room with Paupia the Comp^as. Dubash to concert the best ways & means to accommodate & reconcile all differences between the Renters & the Inhabitants of the three Villages in conclusion they agreed y^t. Colloway Chittee & Vincattee Chittee should hold the Villages till the first of June or July 1710 after when Conapah Chittee was to commence, all which they declared before me in the Consultation Room with Joyned hands while all their mouths spake the same thing in confirmation of which I sprinkled them with Rose water about which time I got their Cowle least they should relasp, & they demanding the Counterpart which could not be found was the reason that Matter had not the Sanction of an Act of Council. An account of the murther of Thomas Parsons Serjant by Jacob Vanbashayson Centinell, one of the Bengall men, but at present belonging to Cap^t. Roach's party.

Jn^o. Kirk Jn^o. Buck and Abraham Clark belonging to Cap^t. Vivers Company at Cuddalore by his permission came to the ffort to visit some of their Comrades, particularly Thomas Parsons who had the command of the party at Tevenepatam Gate, on meeting him they went in Company to a punch house near the said gate, where they found severall more of their vocation drinking, but being none of their acquaintance they passed by 'em saluting them with their usuall Ceremony, good morrow to yee Brothers, and so went into another yard, where they stay'd no longer than to drink a dram each man, and then were returning, when Jacob Vanbashayson a Dutchman without any manner of provocation given attackt the said Serjant Thomas Parsons with his naked sword, and struck him severall blows over his head w^ch. without giveing him time to defend himself from, he immediately seconded with a thrust into his body, on which he immediately fell, Jn^o. Kirk abovemention'd was the person next to the Serjant who the said Jacob Vanbashayson attacqued in the same manner he did Parsons, but seeing the fate attended him he defended himself so well w^ch. his sword (which was not drawn) that thô he cut his scabbard in six places, and made severall thrusts at him, yet he received no harm, but had certainly been murther'd, had not Jn^o. Buck stept in to his Assistance, who immediately coller'd Jacob Vanbashayson and seiz'd his sword w^ch. notwithstanding he drew through his hand and gave him some stroaks over the head, and at last made a stabb at him which just touching his thigh, for safety of his life he was obliged to Quitt his hold, when the said Jacob Vanbashayson still pursued him and to save his life, having no weapon, he was forc'd to dodge him round some pillars w^ch. were in the yard, till he found an oppertunity to go out of the door, which he immediately embraced, but as he was going over the threshold was prevented by Derrick Johnson who pulled him back by the Coat and likewise knockt down Jn^o. Kirke, by this time the guard from Tevenepatam came and made the two Dutchmen prisoners, thô they resisted some time with sword in hand before they would surrender, and the murderer was so very desperate for fear of condign punishment, that had he not been bound, he would open breasted have run upon the Bayonetts on the muzell of the guards peices,

——FORT ST. GEORGE, SEPTEMBER 1711——

Jacob Vanbashayson say's nothing more in his defence than that he was drunk and knew not what he did, that he had no malice at all against the Serjant, and repented sincerely of the fact, notwithstanding as he had imbrued his hands in a fellow souldiers blood, he thought he deserv'd to die, but begg'd if we could not be mercifull, as he had good relations (thô he now was no more than a Centinell) that he might not die the death of a Rogue, but a Soldier, and be shot to death by a file or two of men of the party he belong'd to.

Derrick Johnson who was with him is a fellow that has been publickly scourged at Batavia, and wears the cross on his back, he denys he was accessary to the murder, and that he only interfeer'd when he knockt Kirk down to part the persons engaged, but all Circumstances make the Contrary appear, and show's his inclinations as good, but it was not in his power to commit as heynous a crime as his Companion.

Thomas Parsons was brought speechless into the ffort, but at that Juncture more occasiond by liquor than his wound, the Doctor had some hopes at first, but in six hours, they ended with the fellows life, upon opening his body we found the wound very near direct down, and that the sword had penetrated his midriff and wounded severall of his gutts.

This is what the three persons first named have declared upon oath before the Deputy Govern^{r}. and Councill.

Letter from Ft. St. David read.

Generall letter from the Depty. Governr. and Council of Fort St. David dated the 17th Instant was read acquainting us that according to our former orders they had sent up the Lievetenant and Ensign that were found drunk upon their guard at Cuddalore and likewise that they had drawn a bill of Exchange on us for pagodas Two hundred and sixty nine payable to Thomas Frederick.

Agreed that the said bill be paid.

The charge against Capt. Viver & Ensign Williams read.

Leivtenant Viver and Ensign Williams being sent for up and the charge against them being read by the Secretary, they were asked by the President what they had to say in their vindication, who making many frivolous excuses, but at last confessing their crime and begging pardon were orderd to withdraw and the President offerd to the board as follows that the Military in generall under this Precidency are by slack disipline for the past two years become so intolerably sottish and disorderly that tis high time a reformation should be made for the security of our Settlements and the Honble. Companies Estate committed to our charge.

The barbarous murther latley committed on Serjeant Parsons by a drunken Dutch man at Fort St. David is testimony sufficient to what a height of insolence matters are grown and tis well known that Mr. Farmer when Depty. Governr. durst not go out of the Fort for fear the guard should shoot him as he pass'd the gate.

Add to these instances the daily disorders of drunkeness in this Garrison which thô severly punish'd yett the seeds still remain and the cure is not thoroughly perfected.

If the Officers themselves whose business it is by strictness of discipline and good examples to preserve their command and keep their people within the bounds of their duty, if they shall be found dead drunk upon their posts in a time of service when surrounded by the Enemy what can be expected but ruin and destruction to the affairs of those that employ them.

Offerd further that this crime in our European Armies is punish'd in a capitall manner and than the question was putt and unanimously agreed that Leivtenant Viver and Ensign Williams be cashierd & that Captain Viver doe prepare to go for England by the Hallifax.

A Sloop hired to ply between this place & Fort St. David.

Having great occasion for a small sloop to ply between this place and Fort St. David till the monsoon breaks up in order to supply them with what stores they want and fetch grain from the neighbouring parts. We have hired a small Vessell call'd the Mary that sails incomparable well burthen thirty tons at thirty pags. ℔ month for that service.

Generall letter from the Generall and Council of Bombay dated the 24^th^ August was read wherein they request that we would seiz on William Keble Master of Ship William for breaking his orders in not proceeding to Bombay but Touching at Cochin and landing part of the Freighter's Sugar, and comeing from thence to this place with a Cargo of pepper on his own Account.

Capt. Keble examin'd. Kebles reasons for coming hither.

The said Keble being sent for and ask'd severall questions by the President relateing to his proceedings in the Voyage more particularly his landing the foresaid sugar & coming hither, and his reasons for so doing, he answer'd that there was a great scarcity of provissions, by which means he cou'd not subsist, and as to the taking out the sugar, he found by the lateness of the season that was no possibility of gaining his passage to Bombay, and thought it more for the interest of his employers to proceed to Madrass in hopes of getting freight rather than to continue there at a dead charge & therefore took out the sugar to make room.

The freighters summond, & he to proceed the voyage if the[y] are willing who consented.

Then those that have freighted on the said ship at this place to whom Keble had signd bills of lading were sent for and asked by the President whether they were willing that he shoud proceed the voyage as Cap^t^. or if they had rather have any other person, readily answer'd they lik'd the man very well.

—— *FORT ST. GEORGE, SEPTEMBER 1711* ——

The charge against him, being the design of malice.

The greatest part of what Capt. Keble is charg'd with seeming to be the malice of some ill designing person to get him turn'd out of his employ in hopes of obtaining the same, & the said Keble being very willing to go for Bombay to justifie himself on any terms we think fit.

He's orderd to Continue Capt. & an able person to be Agent of sd. ship giving a bond for his good behaviour of 5,000 pags.

Its therefore agreed he continues as Capt. and that we pitch upon an able person to proceed the voyage as Agent of said ship & cargo the said Keble giving a bond of five thousand pagodas for his good behaviour, and to obey all such orders as he shall receive from the foresaid Agent and that the cheif and second mate be sworn to obey such orders likewise as they shall receive from the Agent during this present voyage to Bombay.

The Secretary & register of Court prosecute Capt. How. & deliver in an accot. Currt. of the estate. Capt. How orderd to pay the balla.

The Secretary and register of the Court who were orderd in Consultation dated 7th inst. to prosecute Capt. William How acquaint us that they had proceeded upon the matter, and deliver in an acco[t]. Currant of the Estate of William Lee deceas'd w[ch]. was produced in Court by Capt. William How attorny to the said William Lee and sworn to w[ch]. is as entred after this consultation, And further that the court had condemn'd the said How to pay the ballance.

Doctor Jolly entertaind Doctor of ffort St. David.

The Deputy Govern[r]. and Councill of ffort St. David having acquainted us in theirs dated the 20th inst. that Doctor Jolly who went down hence purely on account of their present troubles was willing to be entertaind in the Rt. Honble. Comp. Service, he the said Jolly being known to be a sober man and skillfull in his buisness, its agreed he be entertaind as surgeon of said place wth. the usual pay and allowances.

Fear of the Hallifax's going dead freighted.

On consideration that we are not sure of any bales coming timely for the Hallifax from ffort St. David, and that there is some fear of her going dead freighted unless we will run the hazard of the monson with great part of her cargo aboard which we can by no means think adviseable.

Agreed to buy a quantity of white pepper now offering of about 20 candy.

Agreed to buy up any goods yt. we can find fit for the Europe market to fill the said ship, and a parcell of white pepper being offer'd (w[ch]. the President acquaints the board pay's no more custome than black pepper) agreed for the same being about twenty Candy at pagodas twenty four ℔ Candy and order'd the Warehousekeep[r] do take it aboard in baggs.

Skingle delivers in a petition desires leave to go for Europe.

M[r]. Richard Skingle delivers in a petition as entred after this Consultation wherein he requests leave to go for Europe on ship Hallifax.

Wch is denied him till he clears himself of the charge against him.

Considering the heavy charge against him by the Rt. Honble. Comps. & his accusers daily expected on the Jane we cannot consent thereto, till such time as he has endeavour'd to clear himself of what alledged against him.

Agreed to write to the Bay to freight salt petre on the Dolbin for the West Coast.

For the same reasons mentiond in consultation of the 17th inst. It is agreed that we write to the Bay to put one thousand to fiveteen hundred baggs of salt petre on board the Dolben bound for Batavia, if he will undertake to deliver them for a moderate freight at Bencoolen in his way.

Capt. delivers in his answer.

Capt. Hudson delivers in his answer to his surgeons petition as entred after this consultation.

The Secretary acquaints the board wth Hudsons reasons for refusing his Doctor.

The Secretary acquaints the board with Capt. Hudson to know his reasons for refusing his Doctor to act in his employ, and what provision he had made for the security of the Rt. Honble. Company's Estate in case he shou'd meet wth. an enemy, his answer was that he was well satisfied with the Ability of his mate, & that he could not answer to carry a man who had severall times declared that he would neither give him or his family Physick, and that the Doctor had likewise declared he cou'd not answer for his own behaviour.

THE PETITION OF RACHELL ABENDANA.

HUMBLY SHEWETH.

Whereas your petitioner having had judgement pass'd against her in the worship^{ll}. Mayors Court for to give security to M^{r}. Henry Davenport as attorny of Robert Nightingall Esq^{r}. upon account of Moses Barrow & Aaron Pancheco (Jews) for the sume of one thousand pagodas w^{ch}. your petitioner thinks is very hard there being no satisfactory accounts given her nor any Copy of the bill of Exchange upon which is the demands only a letter from the aforesaid Jews wherein they pretend that your petitioners husband did draw all their mony out of the hands of Robert Nightingall Esq^{r}. without their orders w^{ch}. with submission is a great falscity and that your petitioner shou'd repay to Robert Nightingall Esq^{rs}. order their mony w^{ch}. lay in your petitioners hands.

Therefore your petitioner appeals to your Hon^{r}. &c^{a}. Councill and hopes that you will take it into your most judicious and serious consideration the Jews holding great sums of mony of your petitioners w^{ch}. can prove by their own letters from one year to the other to this present but your Hon^{r}. &c^{a}. petitioner is ready to pay the aforesaid sum provided she has an order under your Hon^{r}. &c^{a}. Councills hands upon what particular account the mony is paid that she may be clear of the aforesaid Jews and then hopes that your Hon^{r}. &c^{a}. will grant permission for your petitioner to go where she pleases

And as in duty bound shall for Ever pray.

— FORT ST. GEORGE, OCTOBER 1711 —

To his Excellency Zulphackar Cawn Bahadur Nuzzerat Jang, Backshee of the whole Empire &c^{a}.

S^{R}.

Understanding how great a share your Excellency bears in the government of this mighty Empire I thought it my duty to acquaint you of my arrival here to preside over the English Affairs in these parts, and I think myself obliged more especially so to do, in regard that my predecessors in this government have informed me, before I left England, that as your Excellency was one of the cheif pillars of the Empire, so you had upon sundry occasions manifested your good inclinations to the English in these parts, and that it was under your shadow, and by your good Countenance that they enjoy those priviledges and security in their trade which now they do. While your Excellency lay with your army at Chingee, I understand you were pleas'd to Issue out your ffirwanna for securing to us our priviledges &c^{a}. at Devnapatam, Upon my arrival here I found that place in troubles, Serop Sing having seiz'd some of the English there, and carryed them prisoners to Chingee, on occasion of some disgust given hi[m] by a former Govern^{r}. we are but a small handfull of people and our buisness is trade, and therefore all quarrells with the government is extreamly prejudiciall to us, and destroys the end for which we settle in these parts, since my coming I have labour'd all I could to compose this difference, but to my great trouble, it hath hitherto been ineffectuall; if this Affair comes to be represented at Court, no doubt but Serop Sing's Agents will do it as much to our disadvantage as they can. I therefore humbly beg of your Excellency that if any complaint be made against us on this Subject, that you will be pleas'd to excuse the matter: and that we desire nothing more than to live in tranquility and peace in our sevell ffactories, and if your Excellency would be pleas'd to procure us his Majesties Hosbulhukum to Serop Sing to let us live in quiet and mind our trade, it will be a Singular Service to your petitioner, and which he shall allways retain a gratefull sence of.

Since my arrival here nothing has given me a greater concern then the mismanagement that hath happened in relation to the present, which by your Excellency's order was provided to be sent up to the King at Golconda, but it was [my] Predecessors misfortune that he could not get it ready untill [he] understood that his imperiall Majesty was march'd back again to Indostan, but what Councill or by whose direction I cant tell I understand that since part of this present was sent to Bengall by Sea and another part of it to Metchlepatam, where your Excellency sent some Gusbadars to convoy it safe to Court, certain as your Excellency was the person that advis'd the sending of this present, and told us that it was necessary in order to the Procuring of the firmaund we petitiond for, we could never think any person so propper to recommend our piscash, nor propose to Offer it by more precious hands than your Excellency's, and I am inform'd that part of it was intended for your Excellency in token of our gratitude, I received an order lately from the Divan to deliver this present to the Gusbadar at Metchlepatam, but my Predecessor had orderd it to be shipt for Bengall in June last, fearing by reason of the troubles in those parts, it might happen to miscarry we having no factory to secure it there, in fine this whole Affair was strangely managed but how to excuse it, or where to lay the fault I cannot tell.

What I have further to trouble your Excellency with is my humble request that you will be pleas'd to Continue the English nation under your patronage still, and that upon any trouble, or molestation we meet wth. in our buisness, we may have leave to make our petition to and seek for redress from you, for such is your power and influence thorowout the Empire, that if you permit us the hon^{r}. to own you for our patron, we shall be safe and follow our buisness unmolested in all the parts of it.

agree with the severall bales according to the package of this place, and the amount of them in pagodas comes out exactly therewith.

The Bettelaes of 50 coveds ℔ Heathcot is here Invoiced 4 Corge, and no more viz^{t}. N°. 27·60 p^{s}. N°. 28·20 p^{s}. so t'was false entred in the Invoice that went home by that ship.

Sallumpores N°. 2 by the Stretham are Invoiced from hence 80 p^{s}. in a bale and just so were they invoiced to us from ffort St. David, those very number of bales that went upon that ship came here in our Invoice from thence.

This is all the satisfaction we can give your Hon^{r} &c^{a} in this Affair for we find neither, in the warehouse, nor the generall books such goods to have been wanting nor can we believe it to be here because it must be by Combination of eight persons of quite different interests to commit such a mistake or roguery, for at the packing of all goods here, there is the warehousekeep^{rs}. Assistant, two of the Comp^{a}. Conicoplies the cheif packer and two more, and two of the merchants conicoplies who are allways present and Count in two peices at a time, & how one p^{s}. in a bale come to be wanting seems strange to us.

Henry Davenport warehousek^{r}. acquaints the board that thrô the great hurry in getting bales ready to fill up the Hallifax, the beaters who were kept to work night and day had not been able to perform their part so well as usuall, so that the Long-cloth & sallumpores that were put aboard in hast at last by not being well beaten will appear worse than ordinary to the eye thô in reality they are as good as others of the same number.

Generall letter to the Dep^{ty}. Govern^{r}. and Councill of York fort of this days date was read and signd.

dispatch of the Averilla discoursd of merchants sent for.

The dispatch of the ship Averilla for Europe in time to join the Dutch fleet at the Cape was taken into Consideration, debated and agreed to, accordingly y^{e} merchants were sent for and ask'd what quantity of bales they cou'd undertake to bring us in, in fifty days to which they answer'd that cotton is so dear and hands so scarce in all the weaving villages of this country and paddy so dear for want of rain that it was impossible for them to go on with any further investment upon the old terms they having been very considerable loosers by the last goods they brought in.

Presidt. acquaints 'em they had brot. in short of y^{e} two last contracts.

The President then told them that they were not now desired to come upon a new contract but that on enquiry into matters it appear'd that they had brought in far short of the two last contracts made in the time of Govern^{r}. Addison and M^{r}. Fraser, wherefore all we desired of them now was to bring in as many goods as would fullfill their old contracts.

merchants answer thereto.

To this they answer'd that the eight hundred bales agreed for in June last were to compleat the aforesaid contracts and that they never wou'd have consented upon any other terms tho' M^{r}. ffraser kept them prisoners severall days in the garden, and in a manner forced them to a compliance thôthey knew very well then (and it has proved so since) that they should be very considerable loosers.

—— *FORT ST. GEORGE, OCTOBER 1711* ——

order'd to withdraw.

The merchants were then order'd to withdraw, and the President offer'd to the consideration of the board that with what bales we may depend upon at ffort S^{t}. David and Vizagapatam three hundre[d] more wou'd be sufficient to compleat the Averillas lading, and after duely considering the present circumstances of affairs the question was put whether if the merchants wou'd agree to bring in three hundred bales in fifty day's we should take them for the ballance in full of their former contracts w^{ch}. we unanimously agreed to as the only sure means to get the Averilla dispatch'd in time to join the Dutch fleet, and when we have rec'd these three hundred bales there will be no great matter due on their former agreements.

debated for a contract of 300 bales.

merch^{ts} agree to bring in 250 bales in 50 days.

The merchants then were call'd in a second time and made acquainted wth. the resolution we. had taken, after some disputes among themselves they freely undertook to bring in two hundred and fifty bales by the time limited and fifty more if possible to be procured w^{ch}. they said was the utmost they cou'd undertake, considering the unusuall want of rain at this time of year that has allready raised the price of grain twenty five ℔ Cent and that the people of the country are under great apprehensions of a famine.

Upon the foregoing considerations we came to an agreement with them as entred after this consultation.

Pursuant to an order of Consultation on Wensday the 17th ins^{t}. & is order'd to be further stated to this day.

Another generall Letter of the same date was read in w^{ch}. to our great surprize M^{r}. Farmer and the Councill in his time have set their hands to the following paragraph.

"It is most certainly true that Serop Sing cou'd not before in Justice demand "more of us than the renters debt, and not that neither because M^{r}. Roberts was their "security when they run away not the Company, but the destruction of fifty or sixty "thousand pagodas worth of grain about fifty two Villages and towns among w^{ch}. was "his favourite town Yembollum, and killing the Pandarrum there are things w^{ch}. "realy makes his demands carry too much justice wth. them, and we heartily wish the "differences may be compos'd, and so happily settled as before the commencement of "this warr, without your permission to disburst something considerable out of the "Companys cash thô we shant ask it till we find an absolute necessity.

their Conduct at ffort St. David brot. in question.

We cannot but observe with a great deall of concern the unaccountable folly and ill management of these gentlemen thrô the whole course of this affair, but most particularly in this article, for after they had sent out all their forces without any orders from hence to burn and destroy all the country and grain round about them impower'd by a single order sign'd by M^{r}. Farmer only, a copy of which is as entred after this consultation, they now as good as tell us in so many words that the unlawfull depredations they have committed realy make Serop Sings demands carry too much justice with them, and shamefully confess that they are afraid they shall be necessitated to ask us to disburst something considerable out of the Companys cash.

dangerous if it comes to the knowledge of the ffort S^t^. David Merch^ts^.

This matter was taken into serious consideration and argued that if the ffort S^t^. David merch^ts^. who have contracted for the whole shou'd come to know that we have deliver'd any part to the merchants here it might be a means to make them fly from their contract and leave the remainder upon our hands.

who are backward in taking away the cloth.

Again we ought to consider that we are now in the month of Novemb^r^. and those merchants instead of sending to take away their Broadcloth, upon their bringing in goods at ffort S^t^. David as by agreem^t^. have wrote to us for a payment of mony and all our this years cargo of cloth now lies by us in the godown w^ch^. is a very great quantity to be vended in seven months time.

Reasons for sparing our merch^ts^. the quantity of Broadcloth as requested.

And further if this parcell of red cloth belonging to our merchants w^ch^. is about one hundred and fifty bales shou'd lye unsold in the country for want of the greens and Auroras to help it of, it must undoubtedly be a great hindrance to the putting of the great quantity we now have by us thô the ffort S^t^. David merchants shoud comply w^th^. their contract and take it all of our hands, yet they will be so glutted w^th^. it, and the town will be so full of it that it will be utterly impossible to vend what we expect by the next years shipping especially since the camp is at such a vast distance from us.

come to a resolution of sparing it them for the foregoing reasons.

Wherefore we have thought fit and agreed upon the foregoing considerations to deliver our merchants fourty bales of green and twenty of Aurora to help of the one hundred and fifty bales of red beforemention'd w^ch^. will make a clear stage for the ffort S^t^. David merchants whenever they think fit to take away what they have contracted for, and if they shou'd fly from their bargain as we have some reason to fear they will by their letting it lye so long this will enable our merchants the better to take the quantity of our hands.

According to the result of last Consultation the Govern^r. and Councill went at six this morning to view the buildings from the Carpenters yard to [y^e.] godowns as allso S^t. Thomas Point were the foundation was laid open on each side and in some places only found to be three bricks under the sand.

all that were present [de]-clare it im-possible [to] case the point.

All the people being summon'd that have any knowledge [...] opinion was ask'd if we cou'd safely cause S^t. Thomas's point w^ch wou'd save a considerable sume of mony but they all unanimously declared that it is impracticable and that there is an absolute necessity for laying a new foundation and rebuilding it from the ground.

the paymaster orderd [to] get things in a [re]adiness to rebuild.

Order'd that the paymaster make preparation of bricks and what else necessary to rebuild the said Point as soon as the rains are over and that in the mean time the Gunner do take of the gunns to prevent the point falling upon peoples heads as [they] pass by in the time of the rains.

apprehending that redwood may be wanted for piles to secure the foundation of the building.

Warehousekr. orderd to buy 1000 Ca of redwood.

Order'd that the warehousek^r. do provide a thousand candy of large sticks w^ch. if not used [on] this occasion will serve for kentilaging the ships [there] being now little or none in town.

[The] hospi-tall &ca. [sur]vey'd but found [in] a very bad condition. agreed they are pulled down & re-built.

The hospitall free guard house and m[ud wall] that join in a range of building altogether were found upon survey as has been before represented by the paymaster and surgeon the walls being in severall places crackt from top to bottom, the rafters of the roof rotten and ready to fall in, the whole somuch out of repair that we are unanimously of opinion it is most for the [Hon^ble.] Companys interest to pull all down and rebuild it firm and strong so as to last for many years, but we find upon enquiry that M^r. Yale agreed for this building formerly by the grate w^ch. we take to be the reason why it was not better perform'd.

& the paymastr. orderd to pull them down.

Order'd that the foresaid build[ings from the carpenters] yard to the good^n. be pull'd down during the rains in order to be rebuilt when they are over and M^r. Way is desired to get ready a draught of a new building upon the same ground.

To ROBERT RAWORTH ESQR.
DEPTY GOVERNR. OF
FORT SR DAVID &CA. COUNCILL

Srs.

This morning the Governr. has [placed] before us Mr. Raworth's letter of the 3d. inst. wherein [he writes] that the enemy will not come to any agreement unless we consent to pay thirty thousand [chuck]rums wch. we take to be sixteen thousand six hundred odd pagodas, in consideration of which they will [give] the villages of Trevendeporum PadreCopang and Corromuttum besides their half of all the towns wch. lye [part] within our hedge and part without and that they will intirely renounce all claim to our bounds on any pretence whatsoever.

We have very seriously consider'd the first article and find it to be so unreasonable a sum of mony that we can never consent to pay it on our Honble. Masters account.

We cannot judge if it be worth while [to] buy the three Villages beforemention'd, and the half of the towns that lye part within our bounds and part with[out] till you send us a computation of what revenue they [will] annually yeild, and what security we can have that [we] shall continue in quiet possession of them hereafter for we must be of opinion we have too much ground allready at your settlement to defend against an enemy. If Surop Sing dares dispute a grant confirm'd to us by Cawn Bahawder what value ought we to put [upon] his grant (or what else he will call it) who is [no more] in Comparison with the other than his Buxy [. . .] and may be not so much, pray let this point be [urged] home and let us have a speedy answer.

An entire renuntiation of claim [to] all things within our bounds is a tender point to be handled for his pretending to a claim after Cawn Bahawders grant, is an undeniable reason why we should buy no grants of him since by the same [right] the next Governr. of Chingee may dispute our [title] to all we possess and by the same forcible means may compell us to pay what sume he pleases so our title will allways be precarious.

—— *FORT ST. GEORGE, NOVEMBER 1711* ——

We should consent to paying of the renters debt and if we could have good security that even he himself and the rogues about him would not molest us in the possession of these grants he offers we might thô unwillingly consent to pay a sume of mony for them, but never the sume they insist upon since upon the best account we can get of the Villages here the rent will be but inconsiderable.

We shall wait your answer to these materiall points, and in the mean time desire that the treaty may go on in the manner we have mention'd that is to say that the renters debt be kept apart and made up by it self and if we give any thing more that it may be for something that you are satisfied will bring in an equivolent in few years or otherwise we can never consent to buy till we have orders from England.

We leave this management as we did formerly to the Deputy Govern^{r}. with the same directions that he lay the Treaty before the board ere the agreement is perfected and are

The want of weight in the acco^{t}. plate of ounces four hundred seventy nine twelve penny w^{t}. twenty one grains amo^{t}. to pagodas three hundred and one eleven fanams and four cash arrises thus.

—— *FORT ST. GEORGE, NOVEMBER 1711* ——

To Robert Raworth Esq^r^.
Dep^ty^. Govern^r^. of Fort S^t^. David.

S^r^.

Just as we had sign'd the inclosed and were sending it away yours of the 4^th^. came to hand w^ch^. the Govern^r^. communicated to us, and we have stopt the peons to send you the following answer.

We are still of the same opinion for a speedy and Hon^ble^. peace, we agree that Surop Sing ought to have satisfaction for the renters debt and we shou'd as readily agree to make M^r^. Roberts pay it, if it was in our power, but since it is not we must by the necessity of Affairs submit to pay it for him because he was the Companys Govern^r^. and it being allways customary for the Govern^rs^. to treat singly w^th^. the great men of these parts that whatever is transacted between them they look upon it as firm as done with the Company themselves we shall apply the [money] we have attach'd belonging to M^r^. Roberts for the payment of this matter as farr as it will go, and shall take care to debt him for the remainder.

We think this article of your trea[ty] ought to be first settled and as to the remaining part of the sume demanded we had much rather let his precarious Villages alone than have anything to do w^th^. them, thô we must confess six thousand Chuckrums ℔ annum is a Sufficient rent for the sume we are [to] pay.

If you can make good what you write in your letter and can have good security that we shall enjoy the Villages peaceably and be un[moles]ted in our Affairs we are content that you make a peace upon the terms you mention, thô we hope you will show your dexterity in procuring an abatement.

It will behove you to be very circumspect in the articles of the treaty and to part [w^th^.] no mony till you have some security, for there is not a more faithless wretch upon earth than the man you have to deal with, we desire that there may be an article inserted for the ease and security of passengers at Bomipollam w^ch^. we think is the place were M^r^. Raworth formerly met w^th^. some trouble in going to ffort S^t^. David.

You will do well to lay these [terms] now before your Councill and before you conclude the treaty it will be propper that you protest [in] form jointly against M^r^. Roberts as the author [of] all these troubles, and the person that ought to [be] accountable for all the damages sustain'd thereby.

As for your merchants offering to leave the bounds, we cannot but think it a great peice of insolence at such a Juncture, and since they woud seem thereby to necessitate you to a complyance, it was a very propper time to ask them how much they woud Contribute to a peace, when they made their contract they knew the warr was afoot and thô you have not yet sent us a Copy of your contract we dont remember you ever mention'd that you had oblig'd your selves to buy a peace.

It is a great sume of mony we now consent too, and should never have done it upon any terms but the equivolent to reimburse us, we shall impatiently expect your answer and remain.

HONBLE. SIR &CA.

Mr. Hordens deposition against the prisoner.

According to your Honr. &cas. orders I have drawn out the following depositions:

The deposition of me Richard Horden against John Bayley.

Soon after my arrivall here from Vizagapatam (which was the beginning of February last) I receiv'd a letter from Mr. Francis Hastings Cheif of Vizagapatam dated the 5th January advising me that on the 2d of said month John Bayley desert'd that garrison which was then close beseiged by Fucherla Cawn, and on my arrivall at Vizagapatam from this place being at the out guards from thence I can depose upon oath that I saw the said John Bayley upon the stone hill adjoining to the sand hill where the Enemy then lay encamped in a hostile manner seeming to be preparing platforms for gunns, and as I heard Mr. Smith and severall souldiers affirm that he used to come near the out guards in a very audacious manner calling to them to prepare (saying to morrow was the day). There are severall other reports which I omitt these being what I declare as the truth, I am with all submission

John Brown further declares upon oath that when the said Bailey deserted he forced the Companys Cattamaran to carry him over the river.

The prisoner being asked what he had further to say for himself only repeated as formerly that he went away by Mr. Hastings Consent intending to go to Metchlepatam and being taken prisoner by the Nabobs people and detain'd against his will, which appears to be a notorious falsity both by the foregoing depositions one of which is given by the Second of the place and by Mr. Hastings Letter the Factory diarys and Consultations.

The prisoner says he went by Mr. Hastings Consent.

Then the prisoner was ORDER'D to be carry'd out and after some debate came to the following resolution:

The Prisoner to be carryed out.

That John Bailey having deserted from the garrison of Vizagapatam during the time that the place was closely beseiged by the Nabob, and acted in the Enemys Camp against his own nation do next monday morning run the gantlett thro' both Companys, and that the same punishment be repeated twice more at such times as the President shall direct and that he be detain'd a close prisoner till we shall see fitt to send him [out] of the place.

The Prisoner to run the gantlett.

Severall persons that have been sent of the shoar of this and other settlements in India for their vile actions and scandelous behaviour having found some means or other and we suppose under false names to enter themselves in the East India House and come abroad again in our Hon^ble. ——*FORT ST. GEORGE, NOVEMBER 1711*——

AGREED that we write home in the next generall letter our humble request that care may be taken to prevent such persons entering in the Service for the future and in case that any should clandestinely gett themselves enter'd and come abroad in the shipping it may be not taken amiss if we deny them landing in these parts.

The President acquainting the board that it is recommended to him in his private Instructions from the Hon^ble^. Court of Managers to see that all matters of difference between the Natives under this Presidency be decided by Arbitration, and that no causes between the Moors be tried in the Mayors Court least either side being agrieved or thinking himself so should fly to the Country Justice and thereby embarrass our affairs.

Mr. Jennings the present Mayor is desired to take particular notice of the said paragraph in order that it may be duely comply'd with.

The President further acquainting the board that in compliance with his instructions he has putt severall causes to fair arbitration by the heads of the Casts since his arrivall and particularly a cause depending between Vincatrama and Areapa Braminy which has been fairly decided by the most considerable persons of their cast in the place, and the award given after the usuall manner, but Vincatrama the Defendant obstinately refuses to comply therewith under pretence that he has not wherewithall thô the Arbitrators are well satisfied that he has effects sufficient, and that he has convey'd them away or made them over during the dispute.

Taken into Consideration that if this method of arbitration, thô never so just in itself, will be of no good effect in the conclusion if there is not a way found to handle such obstinate fellows, and make them submitt to equity and reason

AGREED that whenever any cause depending between the Natives is fairly putt to arbitration by consent of the partys who are to choose their Arbitrators according to Custom and to be bound in an obligation to stand to the award under a penalty proportionable to the Sum in dispute whatsoever shall after the award is given refuse to comply therewith as farr as he is able shall upon complaint being made, either at the Mayors Court or at this board have execution granted against him.

Messrs. Davenport & Benyon acquaint the board that they have look'd into the orders of Consultation relating to the boatmen that were fined in Gov^r. Pitts time for theft committed in the boats that carried off the Dutchess Cargo, and that they find that the person who discover'd the theft was made chief boatman, and the three other head boatmen concern'd were whipt round the town and fined five hundred pagodas into the Companys Cash after which they were discharged, the Pedanague giving Security for their good behaviour. Messrs. Davenport & Benyon acquaint the board they have examined the Consultation concerning the boatmen.

Upon enquiry we find that these boatmen had served the Company very well a great many years and it does not plainly appear to us that they were any way more guilty than the person that discover'd the roguery who was a stranger in the place and by his poverty unqualified to be made an example of by way of fine thô all equally guilty, only he finding that the theft was discover'd elsewhere gott the start of the rest in making the discovery to the Gov^r. The boatmen have served the Company very well.

On consideration that we seldom have so many boats as we can employ and that the business of the place is not to be done as it should be unless those fellows are continued in their employs, it is AGREED that the President do endeavour to reconcile them that they may go on chearfully in repairing their boats ready against the arrivall of the shipping. Messrs Martin & Warres report of goods in the godown.

Messrs Martin & Warre deliver in a report of what goods they find in the Sea Gate godown uncleared no owners appearing to claim them.

——FORT ST. GEORGE, NOVEMBER 1711——

ORDER'D that the said goods be open'd and examin'd and that the liquors and what else is perishable be sold at the Sea Gate within thirty days, notes being putt up at the Sea gate as usuall to give timely notice, and that the produce of such goods sold remain in the Sea Customers hands till further order. Ordered to be sold at outcry.

William Jennings Land Customer makeing Complaint that severall goods are daily run into the pettas, some parcells of which he has seized and fears that the Conicoplys of the Choultry may be underhand concern'd in these rogueries wherefore he prays the direction of this board what shall be done with the goods seiz'd, and which way to prevent the like practices for the future. Land Customer complains of goods being run.

The Custom has hitherto been that whenever any goods have been seiz'd that were endeavour'd to be run they were discharged again upon payment of double Custom, which penalty does not prove sufficient to deterr people from makeing it their daily practice to run all they can. Goods seiz'd formerly paid double Custom.

ORDER'D that from henceforth all piece goods that are brought into town without passing the Choultry and paying the Custom shall be seiz'd and confiscated two thirds to the Hon^ble^. Company and one third to the informer and that the tom tom be beat round the town to give warning to the Merchants and all other Inhabitants of this Citty, at the same time it is recommended to the Land Customer to have a watchfull eye over the Conicoplys and to use his utmost endeavours in discovering the foul practices of which they are suspected. All goods run to be seiz'd.

There being some reason to suspect that the Armenians and other Merchants of this place have at severall times imported rich goods clandestinely by means of false package because some chests have lately upon examination been found to contain such goods at the bottom and Course trumpery at top. Suspicion of the Armenians running goods.

It is earnestly recommended to the present Sea Customer and to all in authority under him that they be very vigilant and carefull to prevent all such frauds for the future, and in order thereto the following method is prescribed. which the Sea Customer is desired to prevent.

ORDER'D that every Merchant importing do give in a list with an account of the package to the Sea Customer of what goods he lands before they come to be examin'd, and if afterwards upon examination it shall appear there is any false package, the Sea Customer shall not presume to discharge the said goods or any other goods attempted to be run without first acquainting the Gov^r^. in order to have the matter fully examin'd into and the offender fin'd according to the value of the goods so attempted to be run. The Sea Customer not to clear goods run.

And whereas sometimes goods are landed with intent to be sold but the markett not answering the expectation of the Importer he has been permitted to reship them without paying Customs upon a false pretence that the said goods were landed by mistake of the Captain or Officers aboard, All goods landed to pay custom.

ORDER'D that before any ship is permitted to break bulk the Commander or Supra Cargo be obliged to deliver in a list of all freight goods consign'd to this place as well as the generall mainfest of their Cargo and that no goods whatsoever be permitted to be reshipt without paying Custom upon any pretence whatsoever without a fair hearing before this board and the Captain and Officers oath that the said goods were landed by mistake, except only in such cases where goods are landed by order of consultation for sufficient reasons express'd therein which are to be always in the Custody of the Warehousekeeper till they have another order from this board to reship them. All commanders of ships to deliver in a manifest. No goods to be reshipt without paying Custom. Without an order of Consultation.

Two letters from the Dep^TY. Gov^R. of Fort St. David.

Generall letters from the Dep^TY. Govern^R. of Fort St. David dated the 13th & 18th November were read acquainting us that the Enemy fly backward and forward from the terms formerly proposed without coming to any positive agreement, but that he still continues firm to his first principles resolving to suffer the utmost extremity rather than submit to their unreasonable terms.

——*FORT ST. GEORGE, NOVEMBER 1711*——

Mr. Bulkley acquaints the board that he has, pursuant to the order of Consultation dated the 9th Instant, been to view the beef and pork which came up from Bengall on the Hallifax, and finds it to be very rank, rusty and unsavoury. Mr. Bulkley reports of the beef & pork,

ORDER'D that he endeavour to dispose of the best of it upon any terms he can gett, and that the remainder be buried under ground. which is ordered to be sold.

Mr. Davenport for Robert Raworth Sea Customer pays into cash pagodas one thousand. Mr. Davenport pays into cash pags. 1000.

Alexander Bennett Steward delivers in a paper by way of apology for the great increase of the expences under his management, during the time he has acted under Mr. Frasers Government, which is enter'd after this Consultation. A Paper of apology delivered in by the Steward,

The said Bennett being call'd in was told by the President that it is the opinion of this board he is very wrong in his Computation, that the difference in expence between twenty Companies Servants in Govr. Pitts time and thirty six in Mr. Frasers amounts to two thousand eight hundred pagodas per annum. Who is wrong in his Computation.

That as to his second excuse namely the dearness of provision and Syrash wine it appears to the board upon examination that some provisions are dearer than formerly but most part not, and as for the Syrash wine it appears that it has been the quantity lavished away rather than the high price that has swell'd this article of the expence thô it has been bought at 15 pags. per chest in the dear time of the year instead of buying it up at ten when the ships first arriv'd, it is allow'd that Syrash wine was formerly bought from five to eight pagodas per Chest and that article may amount to one hundred and fifty pagodas a year instead of six hundred and sixty charg'd in Mr. Bennetts apology. Large quantity of provision lavished away.

The next of the reasons contain'd in the said paper give us no manner of satisfaction, for we find upon strict enquiry into this matter that this extravagant expence has been occasion'd as follows: excepting only one thousand five hundred pagodas per annum, which is a very modest allowance for the increase in number of the Honble. Companys Servants. 1500 pags. per annum a moderate allowance for the Companys servants.

Mr. Faucett who made a tolerable good Steward under Govr. Pitt, that had alwaies a strict eye over his conduct, and made a constant scrutiny into the whole expence, proved a very lavish Steward under his Successour that left matters wholly to him and instead of calling him to account permitted him to do what he would which appears in a great many instances of extravagant prices given for severall things that either were or might have been bought up at proper seasons for little more than half the value. The former Steward lavish & no strict eye kept over him.

During the whole course of Mr. Frasers Government we observe greater liberty than ordinary given to all manner of servants both white and black, extravagant allowances at the table, and especially of liquor the most pernicious article, in so much that twenty bottles of wine were expended in a day, where half the number now serve full as well, so that the Masters Carelessness and the Servants negligence not to call it worse, to which we must add the knavery of the Stewards Servants under him have occasion'd this unaccountable expence, and to prevent the like for the future, Great liberty allowed in Mr. Frasers time.

ORDER'D that whatever liquors, wine, arrack, beer, &ca. be hereafter bought up, or brought hither for use of the table be delivered into the Warehousekeepers Custody to be issued by him to the Steward *from time to time as it is expended.* All stores delivered to the Warehousekeeper to be issued to the Steward.

ORDER'D that a regulation of prices be made for all species of *live provisions*, and that the Steward do seek out fitt persons to contract with for *supplying* a sufficient quantity at sett rates for the year. Regulation of prices to be made.

ORDER'D that the Steward do monthly deliver an account separate *from the* Paymasters in such a form as shall be hereafter agreed upon, to be particularly inspected into by the Governour and such others of the Council as shall be thought The Steward to deliver in a separate account.

——FORT ST. GEORGE, NOVEMBER 1711——

The Steward strictly charged by the President.

most proper to assist him. Alexander Bennett present Steward was strictly charged by the President to be more watchfull over his Comcoply, and saving even in the minutest article of his expences, which he promising very faithfully to comply with and appearing to be a very sober industrious young man we have thought fitt to continue him in his employ.

Which is to be sent to the West Coast & made into shirts.

ORDER'D that the best pieces be pick'd out to be sent to the West Coast upon the first ship, and that the remainder be made into Shirts for the use of the Souldiers here & elsewhere.

ORDER'D that Messrs. Davenport and Martin do examine that part of the Mogulls present which came from Bengall and that they give us an account of the sorts and the condition they find things in that we may consider how to dispose of them to the best advantage.

——— *FORT ST. GEORGE, NOVEMBER 1711* ———

To the Hon^ble. Edw^d. Harrison Esq^r.

President & Gov^r. of Fort St. George &c^a. Council.

Hon^ble. S^r. &c^a.

Having perused the report deliver'd to your Hon^r. &c^a. by Messrs. Henry Davenport William Jennings and Bernard Benyon, wherein they take notice that the Stewards expences are so considerably increas'd as to be double to what they were Anno 1698–9, in answer to which I humbly offer the following reasons:

The first and Cheif increase of the Stewards expences is the large number of their Servants, which have been more for this last year than severall years past and very near double the number they were Anno 1698–9 as per a List of them which am ready to produce, wherein the above said year 1698–9 there were but twenty Companys Servants (married men excepted who being allow'd diett money do not encrease the Stewards expences) and this year there has been no less than thirty six, so that where six or seven dishes used to be enough formerly, this last year not eleven or twelve have been sufficient, which at a moderate computation may encrease the Companys expences two thousand eight hundred pag^s. per annum.

The second encrease of the Stewards expences is the dearness of provisions, for all the housekeepers in town do complain they are risen above twenty per cent, which I beleive in most things to be true, for having look'd over some of the former Stewards books I find all sorts of poultry to be dearer than formerly and Syrash wine, which is the only wine drank last year at the Companys table to be risen much more, it being bought in some of the former Stewards books at five pag^s. per Chest and the most at seven or eight, where as this last year it has cost (thô bought at the best hand) from ten to twelve pagodas per Chest, most other things are risen in proportion, but reckoning one or another at but ten per cent it encreases the expences six hundred and sixty pagodas per annum.

The third encrease of the expences has been the charge of buying all the Bengall goats, geese, Deer, &c^a. used throughout the year, which formerly were sent to Gov^r. Pitt in presents near as many as there was occasion for without any charge to the Company, this expence amounts to about one hundred and fifty pagodas per annum.

The fourth encrease of the Stewards expences has been occasion'd by the late Gov^rs. allowing beer, cheese, &c^a. to the generall table all the year round, the former of which Gov^r. Pitt allow'd only the time of the hott winds and that at his own charge, and the latter during the stay of the Europe Shipping only, this expence amounts to about three hundred pagodas per annum.

The fifth encrease of the Stewards expences is the charge of buying twenty leaguers of Batavia arrack to lye by here in case the troubles at Subordinate Factorys should require them, which thô bought in April and then charged yett was not a drop of it expended the last twelve months before mention'd so consequently no ways encreases that years charge and amounts to five hundred & fourty pagodas.

I could name a few other reasons but being trifles in comparison makes me unwilling to be further troublesome to your Hon^r. &c^a. so submitt the above written to your Consideration and crave leave to subscribe with all respect.

Hon^ble. S^r. &c^a.

Your Hon^rs. &c^a. most faithfull obed^t. Servant

Alexander Bennett.

Messrs Benyon & Hunts report agreed to.

The report made by Messrs Benyon & Hunt in Consultation dated the 23d ultimo was taken into consideration and we do agree with them in the said report the substance of which is that Mr. John Foquett not being debted in the year 1696 for any rent role, that same year was elapsed without any collection made and the year following instead of gathering for two years together he gather'd anno 1697 for anno 1695, the same omission was made in Mr. Charles Bugdens time and never endeavour'd to be remedied nor so much as mention'd in any of the Consultations, the said Charles Bugden is not debted anno 1701 in the general books as he ought to have been, and the year elapsing without any collection, he afterwards gathers in the year 1703 for the year 1700 so that when Mr. Richard Hunt who knows most of this affair came to be made Rentall Generall anno 1704 he found that 1702 was not clear'd and accordingly he gather'd in 1704 for 1702. Mr. Hunt affirms that he complain'd of this to Govr. Pitt but never receiv'd any orders about it so that during the time he was in that employ he collected annually by a rent roll given him by the Govr. & Council for one year only and the two elapsed years were never demanded to this day.

——*FORT ST. GEORGE, NOVEMBER 1711*——

Mr. Hunt left this employ to Mr. Jennings Anno 1709 when the rent roll then afoot was for the year 1707 which Mr. Jennings gather'd in and has since gone on in the same method collecting by a rent roll made out 1710 for the year 1708.

This omission has not only been a dead loss to our Hon^ble^. Masters but it has occasion'd so many Difficulties to arise in the collecting the money that much encrease the annuall defficiency upon the rent roll, and if we go on in the same method we still grow worse and worse by peoples yearly shifting and selling their houses, we have therefore after due consideration and seriously weighing the affair thought it the Interest of our Masters to come to the following resolutions :

That the present Rentall Generall do collect by the last rent roll what he can gett in for the two elaps'd years taking care not to be hard on such as are really poor and not able to pay.

That the next rent roll be made out for the year 1711 commencing the 1st Sept^r^. 1710 and ending the last August 1711 and that the Scavengers duty be settled and gather'd by the same roll.

Gen^ll^. Letter from Vizagapatam advising the death of Ensign Highlord, & that they have sent 39 bales of severall goods.

Generall letters from the Cheif and Council of Vizagapatam dated the 12th and 24th November were read advising that their Ensign Zachariah Highlord was dead, and that they have sent thirty nine bales of severall goods amounting to pagodas three thousand eight hundred sixty one, thirty three fanams and five Cash, and that as soon as the new moon is over when the Country people will venture their boats more goods will be ready and they have a good prospect of answering our expectation.

The said letter further adds that they have been treating with the Dasheroon Merchants for a parcell of Longcloth and Sallumpores to the amount of fifteen hundred pagodas of which they have sent Musters by this Conveyance.

The Merchants will contract for 30,000 pag^s^.

Further that the said Merchants have proposed to provide next year thirty thousand pagodas of Longcloth, Betteelas and Sallumpores of the same goodness with the musters.

Their musters appear to be better than ours.

Then the musters were laid before the board and compar'd with ours of this place, the course Longcloth and Sallumpores appears to be a much better sort of cloth then ours, if well sorted to the muster is undoubtedly worth the prices they propose to make it at, vizt. thirty pagodas for the Longcloth and twelve and half for the Sallumpores.

The said musters to be washt.

ORDER'D that the said musters be sent to washing when we can still compare them the better with ours in order to give our finall answer to Vizagapatam.

Gen^l^. letter from Fort St. David read advising the Enemy were fallen from their own proposalls.

Generall Letter from the Dep^ty^. Gov^r^. of Fort St. David dated the 24th November was read, as also one from the Dep^ty^. Govern^r^. dated the 29th advising that when he expected the Enemy would have come to a conclusion by signing the treaty they fell off entirely at once from their own proposalls refusing to grant us anything of what they had promis'd and nevertheless peremptorily demanding the said sum of fifty thousand rupees, and whilst we were expostulating upon these unreasonable alterations of their terms the 28th in the morning they had placed their men ready in ambuscade near our bounds and as our people drew out early in the morning as usuall they fired upon them without any manner of provocation thô no great damage was done.

Fired upon them without any damage.

They likewise sent a very scandalous paper.

The same day they sent us a very scandalous paper by way of remonstrance which is as enter'd after this Consultation, advising us to stand upon our guard for they would be among us.

No likelyhood of coming to an accommodation.

Wherefore seeing no likelyhood of an accommodation Mr. Raworth thought it best to be beforehand with them, and accordingly the 28th at night fell into their camp with a hundred men and did notable execution killing abundance of men and horse thô we have not yet the exact particulars.

Our willingness to have made an end of this troublesome affair did undoubtedly encourage the Enemy to beleive that we were so weary of the warr as to submit to any terms and they realy began to think that we were afraid of their numbers but undoubtedly this action will convince them to the contrary.

A Letter to be sent to Fort St. David.

A letter drawn up and sign'd to be sent Mr. Raworth upon this occasion as enter'd after this Consultation.

ORDER'D that his account be sent home by the next ship to the Hon^ble^. Company in order to have their money recover'd from those that were his Security at his coming abroad. His account to be sent home.

And whereas it appears by the Warehouse accounts that severall young Writers &c^a^. have been trusted for summs farr exceeding what they are able to pay in some years, which if they should happen to die would be entirely lost,

Dispatched a generall Letter to the Cheif and Council of Vizagapatam of this days date. 4^TH^.

FROM ANNOMOJEE PUNTULO TO SERAPA.

I receiv'd your letters and shew'd it to Laula who says its the custom of these Country people to be troublesome with repetitions and that he knows not what to say, upon which he summon'd the Buxee and after consulting order'd me to write you as follows :

Since your arrivall at Tevenapatam you wrote us severall letters upon which propos'd to Suroop Sing making an accommodation of the troubles created by the former Gov^r^. of that place which occasion'd a great deal of pains and earnest sollicitations to treat with you about a peace which at last he conceeded to and you

——FORT ST. GEORGE, DECEMBER 1711——

promis'd we should be dispatched again in eight days time and fourty are already elaps'd and our Forces has been this way now five months which has created vast charges notwithstanding by the instigation of some ill advisers you are now for breaking of the truce, it cant be thought you or the Gov^{r}. are culpable after so much pains so that we con't continue idle the Mogulls Dominions reach from Ramash Sharum to Europe and Surop Sing under so great a Prince commands to the amount of twelve lack of pagodas yearly and absolute Gov^{r}. of Chingee granted by the Mogulls Phirmaund which includes Cuddalore, Trepopilore, Mangee Copang &c^{a}. towns which intitling us to a propriety of claim, we therefore according to our lawful title are come to demand and discourse about them, so that if you can produce any writings Authentick that nominate your title desire you'l produce them and we shall act accordingly, but you can't shew us any such writings, you have settled yourselves at Tevenapatam and Secured yourselves and all the towns under it by your bribery and craft, hitherto makeing yourselves Masters of bounds and to this time enjoying the product but we can't any longer suffer such doings and now make our demands on your bounds conformable to our grant from the Great Mogull.

We are assur'd you have no lawfull title and by your subtility have infring'd and impos'd as an Enemy on the great King, your revenue amounting to twelve thousand Chuckrums per annum and do further declare that whosoever opposes our taking possession of Cuddalore and Tevenapatam are Enemys to the Great Mogull, and for every horse that may be lost on any such occasion must be answerable ten thousand pag^{s}. to which I call the following evidence and take their attestations to forward to the Great Mogull demonstrating the impositions you have been guilty of. To say Cawn Goy Deske moukee Darrag Moushref Bux Busaude tis well known the Great Mogull labour'd twelve years at an immense charge to conquer Chingee Country to instate Suroop Sing, and your purchase was in the time of the Moratta troubles and by firing your guns extended your bounds as farr as Cuddalore to the Southward and Witchmere to the Northward, and the Town of Trepopilore you got by bribery which was worth two thousand Chuckrums per annum,and your being there seems purposely to incroach on the Kings Country which will further involve all your Sea ports in irreparable trouble, your proper place is only Tevanapatam but you have for these twelve years injoy'd forcibly ten towns besides that is worth thousand Chuckrums yearly which we shall now demand by virtue of the Kings Phirmaund on our heads and can only compare you to the Fuckeers of the country who make a trade of begging and are generally the greatest thieves immaginable, so you under the name of Merchants are destroying and turning utter Enemys to the Mogull, but as we eat the Kings Salt you shall find how we'll serve him now in the Waldore country you have destroy'd fourty towns & fifty thousand Chuckrums of paddy and Yembollum Pander a man unarm'd and praying to God with about thirty more was kill'd and plunder'd to the amount of ten thousand pagodas, their people went to the Duans brother with the complaint and he wrote to Suroop Sing to gett them the mony again and you plunder'd Laula Deepsea whose houses and mony you are possess'd of, and want to know in what manner you can acquitt yourselves of this and because we came to demand our due of twelve thousand Chuckrums due yearly on your bounds you run into our country and burn and plunder above one hundred thousand, the occasion of enlargeing so is upon the account of your inviting us in a friendly manner and keeping us fourty dayes though we was obliged to write what ought to have been done before, therefore send your answer what you think proper, this is the Mogulls affair and although you may think to fee and acquire an accommodation by other means you may depend it will never do, and who ever will undertake being mediator will alwaies have referrence to our just pretences which are in writing and be only a great expence to you, so if you will quiettly resign to us or lett us peaceably take possession of Trepopilore, Cuddalore, &c^{a}. what you plunder'd in the Waldore Country, damages done to Yembollum Pander Sheva Nague Redee renters debts of eight thousand Chuckrums and its interest, and on your delivering Verage to Armutta Pilla who is his security for six thousand Chuckrums you must make him pay the money and interest as also the charges of our Camp

———*FORT ST. GEORGE, DECEMBER 1711*———

and then we shall be peaceable otherwayes shall remain here being come on purpose to visitt you so would advise you to keep your forces in usuall good order, all which Laula order'd me to write you and desires me you would seriously consider the purport you wrote me very reflecting complaining of my letters I think it pretty well agrees with your treatment because you undertake being a mediator and are partiall altogether which ought not to be under pretence of concluding a peace with us, you in the interim have made your contract and gott your roads cleared your prisoners enlarg'd and supply'd with provisions sent for Laula and in forty day time appear'd twice and then break of a truce as if you was ignorant not considering Surop Sings Friendship you now feign unexperience. You promis'd when I was at Chingee the renters should pay their debts and since I came and discours'd you, you promis'd the Company would pay it and three days after their Braminy came to some of your people and perswaded you to make the Company pay their debt and take it upon them, besides all this the business between Armutta Pilla and Veragoo Reddee severall of your Merchants how 'twas decided which summ you likewise exclude us from, you often repeat to me about Six peices of ground and a town &c^{a}. if you can satisfie Laula by agreement and dispatch him if you want any town you then may ask him which is what alwaies told and wrote you and now you insist on a town in the Waldore country, we came here to make our just demand for our Jaggeer & not to sell you any towns or ground which you know can't be done and is only a device to break of the peace and sett at your own ease Merchant like you often complain of me and excuse yourself this being the last time induces me to enlarge knowing the Gov^{r}. and you are willing to make an end, and God will punish the instigator of breaking such a peace and after three or four days after we have mett and try'd hand to hand you'l find the ill consequences so you must not be angry tis not our fault. I must take leave of you as the last time about this business.

Nov^{r}. 28th. 1711.

To Robert Raworth Esq^{r}.

Dep^{ty}. Gov^{r}. of Fort St. David.

S^{r}.

Yours of the 29th came to our hands yesterday which takes no notice of your having receiv'd ours either of the 24th or 27th.

Since all the steps we have made towards an accommodation of your troubles have only serv'd to make them mistaken wretches our Enemys beleive we would buy our peace at any rate and since they insulted us in our bounds at a time when we had reason to expect they would have been satisfied with our agreeing in a manner to their own proposalls we can't but unanimously applaud your bold attack made upon their Camp in the night and heartily congratulate your good success of which we hope a more particular account according to your promise.

Since the hopes of peace are vanish'd for the present we desire you will engage as many of your neighbours as you can in your Interest and that you will lett us know your circumstances frequently that we may do our best to supply you.

The hon^{ble}. example you shew'd those under your command in being abroad during the action to secure the partys return and give the necessary directions diserve our particular thanks and we hope had that effect upon your Council as to carry them along with you, our Gov^{r}. tells us he has lately heard our Hon^{ble}. Masters say that they expect their Covenant Servants as well as the Millitary should upon occasion draw their swords in defence of their Estates, we don't know but that it may be so with you, but we observe we have not yet heard anything tending that

A complaint made by the Arrack Farmers.

The President acquaints the board he has a complaint made him by the Arrack Farmers that by reason of a much greater number of persons than usuall being licenced to sell arrack by the dram they find such a decrease in the vend of their arrack that they are not able to go on with the farm, praying releif or otherwayes they are undone.

Upon examination into the wine licence last granted to Simon Kilpatrick and Lewis Melique we find they are only permitted by the said Cowl to sell all sorts of Europe liquors and punch but no arrack mention'd either in drams or otherwayes.

The Justices of the Choultry to send for Lewis Melique,

ORDER'D that the Justices of the Choultry do send for Lewis Melique and make enquiry how he had comply'd with his Cowl how many persons he has licenced and in what manner and that they do make a report thereof to the board.

An Investment at Vizagapatam for the ensuing year was taken into consideration and debated.

AGREED that considering the troubles at Fort St. David are likely to continue whereby we may be disappointed of part of our Investment there we cant do better than to give timely directions to Mr. Hastings to contract for the amount of fifty thousand pagodas especially considering that by reason of the cheapness of grain in those parts and the great number of hands in all likelyhood he will be able to procure

——*FORT ST. GEORGE, DECEMBER 1711*——

Longcloth, Sallumpores and Sail cloth better and cheaper than we can contract for here because grain is at double the price and the number of weavers very much diminish'd by this last years sickness.

Mr. Frederick reports several all creditts upon the general books.

Mr. Thomas Frederick reports pursuant to an order of Consultation dated 23d November that he finds severall creditts upon the generall books and particularly the Town Conicoplys duty which is that part of the said duty belonging by ancient right to the Corporation, also the produce of goods unclear'd at the Custom house for which no owners have appear'd, with severall other summs as per list enter'd after this Consultation.

The aforesaid sum to be put to necessary uses.

AGREED that the foresaid summs be employ'd in the necessary buildings that we are now going about and particularly that we subscribe in the Hon^{ble}. Companys name to the Hospitall to be made good out of the said summ.

The justices of the Choultry to forbear corporall punishment & fine the offenders.

Recommended further to the Justices of the Choultry that they forbear Corporall punishment and alwaies fine those offenders that are able to pay to the use of the hospitall.

Generall letter from the Deptv. Govr. and Council of Fort St. David dated the 5th Instant was read acquainting us that the Enemy were remov'd something further from them to the North West and were intrenching themselves in their Camp.

The said letter acquaints us of a rancountar between George Brand Gentleman of Arms and John Hughs the Deptv. Govrs. Cook wherein the latter had the misfortune to be kill'd.

They desire a supply of grain.

They likewise request a supply of grain before the N.E. monsoon is done.

———*FORT ST. GEORGE, DECEMBER 1711*———

A generall letter receiv'd from the President & Council of Bengall dated the 1st October by pattamars was read advising the arrival of the Europe ships at Rogues River, and that Loodee Caun was turn'd out of his employ, which is mallancholly news to us at this juncture and plainly convinces us of what a long time apprehended that Sulphaker Cawn who now entirely mannages all the great affairs of the Empire is thoroughly disobliged by our attempting to introduce the present any other way than by him. A proposall made by Colloway & Vincattee Chittee about a piece of ground.

A proposall having formerly been made in Consultation dated November 1st by [N]alla Mutta &ca. Renters under Colloway & Vincattee Chittee of a piece of ground belonging to the Village of Tandore that they would plant it with lime trees for the use of this Citty provided we would grant them a Cowl for ten years longer after the lease of Colloway and Vincattee Chittee is expired, for which piece of ground they are willing to pay the annuall rent of seventy pags. instead of fifty four pags. which was their agreement with Colloway & Vincattee Chittee.

A cowl to be given them.

AGREED that a Cowl be given them according to their request.

The papers relating to Auga Pera & Coja Ovannes translated & to be examined.

All the papers being translated relating to disputes in account between Auga Pera and Coja Ovannes,

ORDER'D that Messrs. Frederick Davenport and Benyon do examine the said papers and make a report.

The Merchants called in & the old Metchlepatam Musters produced.

The Merchants were call'd in and the old musters of Metchlepatam goods produc'd in order to contract for the quantity mention'd in the list of goods to be provided by this years shipping, for which they demand the following prices alledging that it is setting up a new Manifacture in this place, and that Chay is dear, but that they do not question when the people have been once sett to work and are falling into the right way of manufacturing these goods they may be able to make them as cheap as they have formerly been at Metchlepatam.

PRICES OF METCHLEPATAM GOODS.

Allajarrs	Lo 15½ yds.	1 yd. broad	Pags.	50 per Corge

Their proposalls very extravagant.

It is the opinion of this Board that the prices propos'd are too extravagant thô we observe they are much about the same as specified in the New Companys contracts at Metchlepatam and therefore we have deferr'd coming to any agreement in hopes by some means or other to contract upon better terms so as to have the goods ready in time by the next September Ship.

The Land Customer acquaints the Board of 125 peices of Betteelas wch. he has seized.

Mr. Jennings Land Customer acquaints the Board that he hath made a seizure of one hundred twenty five peices Pegu Betteelas pursuant to the order of Consultation dated the 19th November which have been conceal'd severall days in a Merchants house undoubtedly with an intent to run the Custom or else they had been brought to the Choultry directly according to order.

——*FORT ST. GEORGE, DECEMBER 1711*——

ORDER'D that Mr. Jennings do examine the Conicoplys and make a report which way these goods came into Town, how they have been conceal'd so long, and which of their Officers upon the Choultry seem'd to have had a hand in the contrivance. Land Customer to examine the Conicoplys & deliver in a report.

A Generall Letter from Mr. Noden at Metchlepatam dated the 25th November was read as also his acco^{t}. of disbursements for keeping the Factory in repair, peons and other necessary charges. Letter from Metchlepatam read as also Mr. Nodens acco^{t}. of disbursements.

ORDER'D that they be deliver'd the Accomptant to be examin'd and compared with other accounts. To be examined by the Accomptant.

Severall Complaints having been made since the arrivall of President Harrison by the Surgeons and Military Officers that the Mint house being over against and so very near to the Main guard and Joining to the Free guard house has contributed very much to the late Sickness amongst the Souldiers by the hott land winds blowing the offensive smoak made by melting the lead directly in among them night and day, which upon consideration we are realy of opinion is but too true, and further considering that the said house is dropping down and requires a very large repair, as also that it is ill contriv'd and so streight that we are oblig'd annually (when we have most business in the hight of the land winds) to build a shed before the said house half way into the Street over against the Fort gate where the Souldiers parade, for in melting the lead & silver which is an insupportable noisance and occasions an extraordinary expence, we have thought it necessary for the foregoing reasons to sett up a convenient Mint in some other place where it will be less offensive and Mr. William Martin being about disposing of his house which stands by the river side in a very proper place within the walls and has already upon a survey by sufficient persons been reported to us to be a very well contriv'd substantiall building that will last many years and that it has all the conveniencys necessary for our intended purpose without putting the Company to any further Charge. Complaints made to the President by the Surgeons & Military Officers of the Mint.

AGREED to purchase the said house of Mr. William Martin with all the ground thereunto belonging for the Summ of thirteen hundred pag^{s}. Mr. Martins house to be purchased.

Journall Parcells read.

The Accomptant reads his Journall parcells for the month of October last.

Sea Customers acco^{t}. read.

William Martin Sea Customer reads his acco^{t}. for last month.

The President acquaints the Board that he has detected a Villainous practice among those that are employ'd under the Farmers of the Measuring duty upon grain, who forcibly take from the poor buyers four times the quantity allow'd by the Cowl, which is so great an oppression upon the poor that if not timely prevented will make that revenue insupportable, also that he had severely punish'd the under officers upon sufficient proof made by the person that complain'd.

It appears by the Cowl granted to the present Farmers by the late President & Council that they are strictly enjoin'd not to take more than is therein allow'd them (which is one small measure in every pagodas worth from the buyer and two fanams per garce both from the buyer and seller) on any pretence whatsoever under penalty of forfeiting the said Cowl, and being fin'd at the pleasure of the Governor & Council.

AGREED that the said Farmers have forfeited their Cowl and that it be lett out to the fairest bidder upon giving sufficient security that neither he or any employ'd under him shall do anything contrary to the tenor thereof.

ORDER'D that the offending Farmers be taken into Custody till they pay such a fine as shall be thought reasonable by this Board according to their circumstances.

Poncolo Kistna the cheif person of the present beetle and tobacco Farmers who have hitherto punctually comply'd with their monthly payments which was never done before their time offering to take the measuring Farm for five years at eight hundred and twenty pagodas per annum, and to abate the two fanams per garce from the buyer which will be some ease to the poor, in consideration that he is the best person we can trust

AGREED that the Cowl be granted him and that the Secretary do prepare the same to be sign'd next Consultation.

The President acquainting the Board that he has had severall proposalls made to him for farming a small duty upon toddy, salt, and Tamerin

AGREED, in consideration that we are at present employed to give the Averilla a speedy dispatch when she arrives from Bengall, these matters be deferr'd till that Ship is gone and that in the mean time we will inform ourselves exactly concerning the same imposts and particularly if they will not be burthensome to the poor.

The employment of Master of the Arms being vacant by Ensign Hobbs going to Fort St. David

AGREED that Mr. John Cottrell a sober and diligent person be taken into that employ.

The Land Customer gives account of severall Chests with odd things in them which have lain many years upon the Choultry no body being able to give an account to whom they belong.

ORDER'D that they be examin'd and dispos'd of for what can be gott and the produce brought to the Companys account.

———*FORT ST. GEORGE, DECEMBER 1711*———

Mr. Hunt being ask'd what progress he has made in extracting all standing orders from out of the Generall Letters into a proper book for that purpose pursuant to an order of Consultation [*lacuna*] answers that by reason of his indisposition and the assistance he has been oblig'd to give the Accomptant in bringing up the books he has not been able to finish that work thô he has made a beginning and will now go on expeditiously therewith.

ORDER'D that for the future the Secretary do never fail upon the receipt of all generall letters to extract all standing orders and insert them in a proper register for that purpose to be viewed at all times by any person setting at this Board, and that all orders relating to particular persons be serv'd upon them by the Secretary that no one may pretend himself Ignorant of the same.

Mr. Thomas Way Inhabitant of this place having for some years serv'd as weigher at the Sea gate being a person very well skill'd in building and having the most knowledge of any body here in Fortifications offering his service to Supervize and direct the works that we are by necessity oblig'd to go about

AGREED that he be employ'd in that Service at a Sallary of ten pagodas per month so long as we shall have occasion for him and no longer.

The Warehousekeeper demanded to deliver in a list of all goods embaled what there is in the Godown ready to sort & what in the washers and beaters hands. *Warehouse-keeper demanded to deliver in a list of all goods embaled.*

The President reads a private letter from Mr. Raworth dated the 15th instant advising that he had one hundred and fifty bales ready and did not doubt but to make them up three hundred by the 1st of January. *A private letter from Mr. Raworth.*

The great want of rain in this latter Season of the year having destroy'd all the crop of grain in these parts and made the people in the Country round about us apprehensive of a very great scarcity, no paddy has been brought into Town these last three days, and those that have store by them in their godowns, are unwilling to sell at the present price of seventeen mercall to a pagoda, if we should raise the price when the boats come in from the Northward it would be a hard matter to bring it down again. *Want of rain has occasioned great scarcity of grain.*

AGREED therefore to sell out all the Companys rice by the Averilla and what else we had before daily to the poor people at two and three fanams worth each, which will supply them for a few days till the boats may arrive and then there is no fear but the Merchants will bring the paddy in from the Country at the present price which is dear enough. *All the Companys rice by the Averilla to be sold.*

A Cowl sign'd and deliver'd to Nalla Mutta &c^{a}. for a peice of ground to plant with lime trees for the use of this Citty. *A Cowl delivered Nalla Mutta.*

Another Cowl sign'd and deliver'd to Poncolo Kistna for farming the measuring duty upon grain, both the said Cowls are as enter'd after this Consultation. *A Cowl delivered Poncolo Kistna.*

Mr. Shingle petitions to go for England on the Averilla, as enter'd after this Consultation, which was taken into consideration and debated. *Mr. Shingle petitions for leave to embarque for England.*

It appears to us upon a very strict examination that Mr. Shingle has no money nor effects in these parts except what is already under arrest upon the Coast of Sumatra. *No effects of Mr. Shingles to be found.*

Likewise Mr. Jeremiah Harrison, our late Super Vizor of the West Coast, declar'd to this Board at his return that he had seiz'd upon all he could find belonging to him and upon stating his Account Currant with the Company in which the said Mr. Harrison had charg'd him for as much as he could any wayes find him indebted to them Mr. Shingle appears to be a debtor only five hundred Seventy six pagodas nine fanams thirteen Cash, which there are severall good debts upon the West Coast to make good, and further the Surgeons of this Garrison acquainting us that he is in a very bad state of health and likely to perish here unless we permit him to go off from the shore,

We have upon the foregoing consideration the greater of which is that we must maintain him at the Companys Charge without any prospect or benefit from him

——FORT ST. GEORGE, DECEMBER 1711——

AGREEED to lett him take his passage on the Averilla giving an obligation to make his appearance before our Hon^ble^. Masters in England if requir'd within ten dayes next after his arrivall.
